SCENES OF FIGHT CANNOT BE SHOWN

Many States and Cities Against Jeffries-Johnson Pictures.

PICTURE MEN TO BRING SUIT

Cardinal Gibbons' Expression in Harmony With Action of Maryland—Even 'Frisco Is Against It—Protest Spreading.

Baltimore, Md., July 6.—Gov. Austin L. Crothers tonight announced that he would not permit the showing of the Johnson-Jeffries fight pictures in Maryland. This announcement followed a telegraphic appeal from William S. Shaw, of Boston, general secretary of the United Society of Christian Endeavor, asking that the Governor of Maryland join others in prohibiting exhibitions of the pictures.

Cardinal Gibbons today declared his opposition to the exhibition of the Johnson-Jeffries fight pictures in Baltimore or elsewhere, saying: "It would be wrong to show these horrible pictures, first because the children have to be protected and it is the children who would be most seriously affected if such exhibition were allowed. The proper authorities should see to it that the young men and young women, too, are given the protection that is their due. The showing of the pictures would have a bad effect upon the men and women of the community, also, and would, I think, tend to induce attacks upon the blacks."

No Pictures in Virginia.

Richmond, Va., July 6.—Gov. Mann today stated that he will request officials of every city and town in Virginia to prohibit the showing of the Jeffries-Johnson fight pictures.

Mayor Richardson and Police Chief Werner today emphatically declared that they will use every means to prevent the pictures being shown here and will invoke aid of the Board of Police Commissioners.

Richmond, Va., July 6.—The police commissioners of the city held a meeting tonight and decided to instruct the chief of police to prevent a showing of the Johnson-Jeffries fight pictures in Richmond.

Picture Men to Fight.

Philadelphia, Pa., July 6.—That the moving picture syndicate owning the Johnson-Jeffries fight films will resort to the courts of the several States to determine their right to produce the pictures was indicated here today when one of the best known moving picture men in the country, who has a big interest in the syndicate said that the agitation against the displaying of the pictures would be fought.

He said that too much money had been invested by the syndicate which represents twelve different interests, to stand by and see the fight pictures prohibited without making a contest to determine the right of city authorities to stop the display. The pictures, it was further announced would be placed on public view in New York, Boston, Philadelphia, Chicago and several other cities on July 18th.

Mayor Reyburn said today that there will be no interference with the pictures in this city.

Not For Boston.

Boston, July 6.—Mayor Fitzgerald stated positively this afternoon that he would not allow the Johnson-Jeffries pictures to be shown in Boston.

Roanoke Wants Them.

Roanoke, Va., July 6.—Mayor J. H. Cutchin, of Roanoke, today declared that he will not offer any interference to the exhibition here of the Johnson-Jeffries fight pictures in this city. None of Roanoke's moving picture shows admits colored people and the larger theatres will not give exhibitions for negroes.

Active In Louisiana.

Baton Rouge, La., July 6.—The House of Representatives passed a resolution tonight urging the mayors and police authorities of all towns and cities in Louisiana to prohibit by ordinance or otherwise the showing of moving pictures of the Johnson-Jeffries prize fight.

Atlanta Officials Act.

Atlanta, July 6.—By practically practically unanimous vote the Atlanta City Council today passed an ordinance prohibiting the production here of moving pictures of prize fights, the penalty for violation being $500 fine, 30 days imprisonment and the forfeiture of the offending theatre's license.

'Frisco Takes Steps.

San Francisco, July 6.—Mayor P. H. McCarthy announced today that under no circumstances would the exhibition of the moving pictures of the Johnson and Jeffries fight be permitted in San Francisco.

No Pictures in Indiana.

Indianapolis, Ind., July 6.—Governor Thomas R. Marshall, today said he was opposed to the exhibition of the Johnson and Jeffries fight pictures in Indiana.

"If there is any law to prevent the exhibition it will be enforced," said the Governor.

New Orleans, July 6.—Mayor Behrman today issued an order to the Chief of Police to arrest the proprietor of any theatre attempting to show the moving pictures of Jeffries and Johnson fight. He also decided that the license of any such theatre be annulled.

ROOSEVELT URGES PRIMARY REFORM

Deals With Political Subject as Contributing Editor of Outlook.

NEW YORK STATE SITUATION

Speaks of Governor Hughes' Support and the Legislature in That State—Offers Some Criticism—His Editorial.

New York, July 6.—Ex-President Roosevelt deals with Gov. Hughes, the New York Legislature, and primary reform in a signed editorial in the current number of the Outlook. Mr. Roosevelt writes in part as follows:

"I believe that Gov. Hughes has been supported by the bulk of the wisest and most disinterested public opinion as regards most of his measures and positions, and I think that this has been markedly the case as regards direct primary nominations, I know that many honest and sincere men are on principle opposed to Gov. Hughes on this point, and I know also that the proposed reform will very possibly accomplish less than its extreme advocates expect; while I am well aware, as of course, all thinking men must be, that the worth of any such measure in the last resort depends upon the character of the voters, and that no patent device will ever secure good government unless the people themselves devote sufficient energy, time, and judgment to make the device work. Finally I freely admit that here and there, where the principle of direct nominations has been applied in too crude shape or wrongheadedly, it has, while abolishing certain evils, produced or accentuated others—in certain cases, for instance, putting a premium upon the lavish expenditure of money.

"But while I freely admit all this, I nevertheless feel, in the first place that on the fundamental issue of direct primary nominations the Governor is right, and in the second place, that, as the measure finally came up for action in the State Legislature, it was well nigh free from all objections save those of the men who were against it because they are fundamentally opposed to any change whatever in the desired direction.

"The Republican party was in the majority in both Houses of the Legislature which refused to carry out the Republican Governor's recommendations; and although it was only a minority of the Republican members which brought about this refusal, the party cannot escape a measure of responsibility for the failure.

"Those who believe that by their action they have definitely checked the movement for direct popular primaries are, in my judgment, mistaken. In its essence, this is a movement to make the government more Democratic, more responsive to the needs and wishes of the people as a whole. With our political machinery, it is essential to have an efficient party, but the machinery ought to be suited to Democratic and not to oligarchic customs and habits.

"Under our system of party government, the voters should be guaranteed the right to determine within the rank of their respective organizations who the candidates of the parties will be, no less than the right to choose between the candidates when the candidates are presented them. There is no desire to break down the responsibility of party organization under duly constituted party leadership, but there is a desire to make this responsibility real and to give the members of the party the right to say whom they desire to execute this leadership.

"In New York State no small part of the strength of the movement has come from the popular conviction that many of the men most prominent in party leadership tend at times to forget that in a Democracy the function of a political leader must normally be to lead, not to drive. We, the men who compose the great bulk of the community, wish to govern ourselves. We welcome leadership, but we wish our leaders to understand that they derive their strength from us, and that, although we look to them for guidance, we expect this guidance to be in accordance with our interests and our ideals.

"I believe that the people of New York State will in the end insist on taking a more direct part in the nomination of candidates, because I believe that they will grow more and more to insist on just the kind of guidance and leadership that I have mentioned."

DEPUTY FOR PEONAGE.

Officer Arrested in Georgia—Federal Court Trial.

Atlanta, Ga., July 6.—Deputy Sheriff Joe Wheeler, of Carroll county, Georgia, was taken to Montgomery, Ala., today by a United States deputy marshall to answer a charge of peonage in the Federal court there. Wheeler with three other persons was indicted recently on the charge of holding a negro in involuntary servitude He claims he held the negro on a warrant charging him with obtaining goods under false pretenses.

PROTESTS POLICY OF UNITED STATES

Attitude Toward Central American Republicans Being Criticised.

SITUATION BEING WATCHED

Conference of American States at Buenos Ayres Awaited—Madriz Causing the Trouble—Formal Action Expected.

Washington, July 6.—That at least three and perhaps more of the Central and South American Republics will make a concerted protest of some kind at the coming international conference of American States, at Buenos Ayres, against the Central American policy of the United States is the possibility being discussed in diplomatic circles here.

Rumors to this effect have been persistent of late in quarters usually well informed, and some responsible Latin-American representatives admitted their approximate truth, though none would permit himself to be quoted. The rumors have led to lively exchange of information among the Central and South American diplomats here. Officials of the State Department are known to be watching the situation closely.

Some of the more radical of the Spanish-Americans are said to be in favor of a Latin-American alliance against the United States. It is generally conceded, however, that formal action of this nature is unlikely.

The most that can be regarded as probable is that the Republics interested will give the United States to understand diplomatically that the principles represented in the attitude of this government on the east coast of Nicaragua will not be accepted willingly as a part of the international law of the Americas. Notwithstanding a recent statement by the Venezuelan government on the subject, it is still reported here that the Venezuelan delegates will be the leaders in protesting against the attitude of the United States, and that at least two other governments will share the responsibility of the movement.

Doubt exists in Washington as to just what steps of the American government have been distasteful to the sister Republics. The only concrete point mentioned in this connection was first phrased by Madriz, President of the government at Managua, when he protested against the action of the American marines in preventing an attack by the Madriz forces upon the city of Bluefields. This was done on the ground that American interests are extensive there and followed the precedent of the British government in prohibiting fighting in Greytown on similar grounds. Later the Venus was prohibited by the American officials from firing on Bluefields.

"According to international law," said Madriz in a note to the American consul at Managua, "no neutral government may impede or disturb in time of war legitimate military operations of belligerents. Foreigners equally with nationals are subject to the contingencies of these operations."

Madriz not only meant this to be communicated to the American government, but has protested to every Central and South American government against the attitude of the United States.

On the diplomacy of the American delegates to the conference may depend largely the outcome of the matter.

MEMORIAL TO BILL NYE.

Committee Decides on Building to Be Located at Concord.

Salisbury, N. C., July 6.—The Bill Nye Memorial Committee appointed at the recent meeting of the North Carolina Press Association to formulate plans for a State memorial to the humorist, met here tonight and decided that the proposed memorial shall take the form of a building, at the Stonewall Jackson Training School, located at Concord, N. C., to be known as the Bill Nye Building. The building, when finished and equipped, will cost not less than $5,000 and will be turned over to the trustees of the institution as a permanent memorial to the lamented humorist.

TAFT'S "REAL" VACATION.

Will Not Receive Any Mail at Beverly Cottage.

Beverly, Mass., July 6.—President Taft, spending the first day of his "real" vacation, got lonely down at Burgess Point about 3 o'clock this afternoon and telephoned into the executive offices to find out why there had been no messenger at the cottage bearing the official mail.

"Sorry Mr. President," said Rudolph Forster, assistant secretary, who answered the telephone, "but you are not to have any mail for a few days."

If the President does not enjoy a sure enough freedom from official duties for the next few days it will not be the fault of the executive staff. It was thought at first that the President would spend an hour going over the mail each afternoon during his vacation, but it was announced today that only occasionally will the mail be taken out to the cottage and then only the most important documents will be called to Mr. Taft's attention.

BLAZING STEAMER RACES TO SAFETY

Wooden Passenger Ship Grand Republic Caught Fire Near New York.

PASSENGERS WERE EXCITED

Steamer's Distriess Call Brought Many Vessels to Her Assistance—Sister-Ship of the ill-Fated General Slocum.

New York, July 6.—The old wooden three-decker Grand Republic, a sister ship of the ill-fated excursion steamer General Slocum, caught fire this afternoon while passing through the narrows on her way to New York from Far Rockaway, and hurried full steam ahead, with her whistle blowing a continuous succession of short nervous blasts and a plume of smoke trailing behind her, for the Crescent Athletic Club pier, on the Brooklyn shores.

Her 45 passengers were all landed safely, and the fire was extinguished with $2,500 damage, but there was great alarm in the city and on the harbor until the full details were known.

Everybody remembered how a little more than six years ago the Slocum caught fire in the East river, when crowded with 1,500 pleasure seekers, mostly women and children, and was burned to the water's edge with 938 drowned, crushed or baked alive.

Today, as then, the fire started, nobody knows how, in the galley, just abaft the starboard paddle wheel and spread quickly through the wooden superstructure. There was no panic. The women were badly frightened, but the crew had no trouble in keeping them in hand, and the children were so pleased with the music of the band which kept playing bravely through the dash for shore, that they never knew their danger.

The calls for aid from the Grand Republic brought fire boats, tugs, steamers and a Brooklyn fire engine to the pier and the passengers were quickly put ashore and the fire extinguished.

Thursands of people had gathered along the shores to watch the blazing vessel.

Captain Carmen, when the fire was discovered, directed the engineer, who was sticking to his post, in a smoke filled engine room, to keep up as much steam as possible and put on full speed. Captain Carmen and Purser John McConaghey, by prompt action, quelled what seemed for a few minutes would likely develop into a serious panic. Children and women alike began to scream for help, but as the shores at the point where the fire was discovered were close by the fears of the passengers were quieted. Life preservers were handed out to the people as fast as they could be taken down from the racks, and for a time it looked as if many of those who had life preservers on would jump overboard.

Children were lost in the general excitement, but were restored to their parents after the vessel had docked.

Captain Carmen ordered the band to play until told to stop. The work of getting the people off the boat was done quickly and without mishap.

POLITICS AT OYSTER BAY.

More Insurgents Gather Today for Conference With Teddy.

Oyster Bay, N. Y., July 6.—Another important political conference is to be held at Sagamore Hill tomorrow. Senator Beveridge, of Indiana, Representative Hamilton Fish, of New York, and others who are affiliated more or less directly with the Insurgent movement are to be guests of Theodore Roosevelt. Col. Roosevelt returned here this evening.

During his stay in New York today, the colonel made arrangements for his first conference with the State "regulars" William Barnes, Jr., head of the Albany county Republican organization and James W. Wadsworth, Jr., Speaker of the New York State Assembly, are to see him some timt this Summer. They were two of the most active men in defeating the colonel and Gov. Hughes in their fight for the direct nomination bill.

It was at their own request. Colonel Roosevelt said, that arrangements were made for the conference which probably will be held soon after Mr. Barnes returns from Europe at the last of this month.

AUTO DRIVER KILLED.

Another Victim on Indianapolis Speedway—Caught Under Car.

Indianapolis, Ind., July 6.—Thomas Kincaide, a well known automobile driver, was killed at the Indianapolis motor speedway this afternoon. He was on the track in trial practice when the car, a National, ran off the high embankment at the southeast corner of the course. He was caught beneath the wreck.

Kincaide had been employed by the National Motor Vehicle Company for several years, and during the last two years had been engaged exclusively in driving racing cars. He drove a National car in the speedway races this week, his last public appearance being on July 4th, when he started in the 200-mile race for the Cobe trophy.

His last notable victory was at Atlanta early this year, when he and his driving partner, Johnny Aitken, won a 200-mile race on the two-mile course.

COL. E. J. WATSON
OF COLUMBIA. S. C.

Commissioner of Agriculture of South Carolina, One of the Principal Speakers at Cotton Seed Crushers' Association, Who Has Been Offered Important Post With U. S. Government.

CONVENTION IS DEADLOCKED

Fifth District Democrats Still Tied Up With No Nomination at Greensboro—Dark Horses Prance in and Out Again.

(By Long Distance Telephone.)

Greensboro, N. C., July 7 (2 A. M.)—After an all day session with practically no interruption and a ceaseless grind until 1:35 o'clock this morning, the Fifth District Congressional Convention has still reached no nomination, the vote on the 153rd ballot this morning standing practically as it has from the first: Stedman 147.77; Mebane 63.31; Jones, 101.69; Royster 94.23. The final result of the convention cannot be forecasted. The convention will meet again at 9 o'clock this morning.

There has been little variation in the vote since yesterday except for a few ballots when Hon. Cyrus B. Watson, of Winston, was run in as a dark horse; there were also attempts to ring in Victor S. Bryant, of Durham; J. A. Long, of Person, and H. G. Chatham, but they ran along for a few ballots and then dropped out, the vote returning again to normal. Victor S. Bryant was the last to drop out of the race at 1:35 this morning, the final vote being as given above, after which a motion for adjournment prevailed.

The friends of Maj. Stedman, who is still leading the race, are confident and assert by all that is good and bad that they will hold out to the end and will win as Kitchin won the nomination in the endurance contest at Charlotte last year.

Early Afternoon Report.

Greensboro, N. C., July 6.—The fifth district Congressional convention appears to be in a hopeless deadlock. After casting 58 ballots the convention adjourned at 3:30 o'clock an reassembled at 9:30 this morning when the balloting was resumed without any change. At 11 o'clock 75 ballots had been cast, the vote standing: Stedman 145.99; Jones, 101.21; Royster, 94.42 and Mebane, 65.31.

There has been no suggestion of a break, every delegation standing as firm as a stone wall. The Mebane delegates resolved in caucus to vote for the Rockingham man until the last ballot is counted, and it appears certain that there will be no break in this line. The other delegates appear equally determined.

At 1 o'clock the convention voted down a motion to adjourn for dinner and tabled a resolution to the effect that the delegations from the various counties get together for a caucus. Disorder prevailed for several minutes, a number of delegates demanding recognition and endeavoring to be heard. P. W. Gildewell, of Rockingham, threw a firebrand into the convention when he reminded the delegates that Guilford received the nomination two years ago and slaughtered the candidate, reference being made to the bitter fight against A. L. Brooks. This caused all the delegates, save those committed to Stedman, to rise and applaud vigorously and pandemonium broke loose. The end is not in sight.

Watson as a Dark Horse.

Greensboro, N. C., July 6.—At 11:20 tonight, Cyrus B. Watson, of Winston, was brought in as a dark horse and received the votes of Durham and Orange, cutting down the vote of the four candidates on the next ballot. Watson received 97 votes, but at 11:45 tonight the vote was practically normal. It is believed a nomination will be made before adjournment.

Pou and Small Renominated.

Raleigh, N. C., July 6.—Representative Edward W. Pou, of Smithfield, Johnston county, was unanimously renominated for Congress today by the Democratic convention of the Fourt North Carolina district.

Congressman John H. Small, was unanimously renominated also today as a candidate for Congress by the Democratic convention at Edenton, of the First North Carolina district.

Children's Souvenir Dance

VERDICT IS AGAINST MILLERS

Flour Found to be Adulterated and Misbranded As Charged by Government — Millers Claim Farmers Will Lose.

Kansas City, Mo., July 6.—The jury in the bleached flour case this afternoon returned a verdict that the flour seized was adulterated and misbranded, as charged by the government.

The verdicts were returned in the Federal court, after seven hours' deliberation by the jury, that for more than five weeks had listened to testimony for and against the charge of the government that 625 sacks of flour bleached and sold by the Lexington Mill and Elevator Company of Lexington, Neb., and seized by the government while in the possession of the purchaser, a grocer at Castle, Mo., were adulterated and misbranded.

The verdicts of adulteration and misbranding were a complete victory for the government, which prosecuted the suit under the pure food and drug act. The government charged that the flour was adulterated in that it was bleached by the Alsop process, which makes use of nitroged peroxide in bleaching flour. Misbranding was charged in that the flour was labeled a fancy patent, whereas it was not made of first grade, hard Winter wheat. Attorneys for the miller's will file a motion for a new trial within 20 days. If the motion is over-ruled, the case will be carried to the Circuit Court of Appeals. Millers say that the bleached flour decision will handicap farmers of the Southwest $16,000,000 a year.

FIRE AT TIMMONSVILLE.

Kings Hotel and Block of Stores Burned—Loss $30,000.

Timmonsville, S. C., July 6.—Fire this morning destroyed the King Hotel, a large three story building in the main business section of the town and a number of stores on the same block.

The fire started about 2:30 in the roof of Hill Bros. store, a frame building on the corner, and from that spread to the King Hotel and other stores in spite of the magnificent work of the fire department.

After the burning of the Hill store, the hotel caught and burned rapidly and the falling walls wrecked the Sansbury bakery and the pool room.

The postoffice and Matthews drug store were saved. They are in new buildings between the hotel and the city hall and are all that were saved on that block.

Among the burned property is the Hill store building about $1,500, stock $2,000, King Hotel, value with furniture about $25,000, Askins Bros. in the hotel building and Nofal's store stock about $2,000, the only store without insurance, the others were partially covered by insurance. The adjoining buildings were wrecked and stocks moved out, but nothing was saved from Hill's or the hotel.

The total value of the property destroyed will amount to about $30,000.

COTTON SEED OIL INTERESTS MEET

Fifth Annual Convention of South Carolina Association at Wrightsville Beach.

TWO ABLE ADDRESSES MADE

Co-Operation the Keynote of the Meeting Yesterday—Large Attendance—North Carolina Represented.

The first day of the fifth annual convention of the South Carolina Cotton Seed Crushers' Association, in session at the Seashore Hotel, Wrightsville Beach, was featured yesterday by two excellent addresses—one by Hon. E. J. Watson, Commissioner of Agriculture of South Carolina, and the other by Judge Henry Hammond, of the Superior Court bench at Augusta, Ga. There was also a business session at which a number of matters of importance to the members was transacted.

Upward of 200 visitors are on the beach for the convention. While a majority are from South Carolina, this State is also represented by a number of prominent cotton oil mill men. The convention continues through today. At this morning's session addresses will be delivered by Dr. B. W. Kilgore, of Raleigh, State Chemist for North Carolina, and Mr. W. A. Reynolds, of Charlotte, and officers for the ensuing year will be elected.

The convention was called to order in the assembly hall of the hotel at 10 o'clock yesterday morning by Vice President F. S. Evans, of Greenwood, who is presiding in the absence of President H. L. Todd, of Clinton, S. C., who was unavoidably detained at home.

The president's annual message, which was read to the convention, emphasized the fact that the interests of the farmer were the interests of the crusher. "The cotton planter is the backbone of the Southern States," said the report. The market letters sent out to the members are of much benefit to the association, whose aim as set out by the president is "To advance the sale of its product so that we can pay higher prices to the farmer or producer for the raw material." Co-operation was the key-note of yesterday's session. That the interests of the farmer are the interests of the crusher and that by furthering the growing of live stock and kindred industries, the association and the individual members will all be benefitted, were themes that were breathed in the speeches and in the discussions.

The association appropriated $300 toward the Corn Breeders' Association of South Carolina and the proposition to place men in the field to encourage the live stock industry met with favorable action.

Among the members of the North Carolina Cotton Seed Crushers' Association in attendance are: Preisdent C. L. Ivon, of Newbern; Mr. P. Boney, of Goldsboro, another officer; Mr. W. A. Reynolds, of Charlotte; Mr. Henry Bowden, of Wilmington, and a number of others. They are being given a cordial welcome by the Palmetto crushers.

Col. E. J. Watson devoted himself to a discussion of the importance of cotton seed and products to the live stock industry and Judge Henry Hammond, of the Superior Court bench, Augusta, Ga., spoke on the "Development of the Cotton Seed Industry."

Colonel Watson's speech was largely statistical and told of the possibilities of the live stock industry in South Carolina through the feeding of cotton seed meal and cotton seed hulls to cattle. "No industry in the United States," said Col. Watson, "has shown a more remarkable development than the cotton seed industry." Quoting the figures showing this development, Col. Watson said: "The essential facts stand out that the men engaged in this industry have been intelligently developing it and educating the people up to the supply of the utilization of cotton seed by-products and that they have done it without, practically, the slightest aid on the part of the commonwealth, either State or National."

In connection with the live stock industry Col. Watson pointed out the great use to which the cotton seed meals and hulls may be put in fattening cattle. He gave the best methods of feeding the cattle, showing the proper proportion of the by-products to be used. Col. Watson believes that in the cotton seed industry lies the future development of the live stock industry in the South and he believes that later the dairy will thus be built up. He suggested the placing of competent men in the field to work in connection with the State Department of Agriculture to tell the farmers how to feed the live stock so as to obtain the best results.

Col. Watson's speech was very practical and was listened to with interest.

Judge Hammond delivered one of his characteristic speeches that was very much enjoyed. He is one who loves the cotton seed industry "just for the love of the thing." He referred to the spectacular growth of the industry, the turning of what at one time was "waste material" into millions of dollars. "The animal indus-

(Continued on Page Eight.)

THE WORLD OF SPORTS

RACING — BASEBALL — BOXING

NO GAME AT FAYETTEVILLE

Old Jupiter Pluvius the Big Boy in the Highlands Yesterday—Raleigh Red Birds Begins Series Here Today.

Results Yesterday.
Wilmington-Fayetteville, rain.
Goldsboro 0; Wilson 4.
Raleigh 3; Rocky Mount 4.

Where They Play Today.
Goldsboro at Rocky Mount.
Raleigh at Wilmington.
Fayetteville at Wilson.

Old Jup. Pluv. intervened in the Highlands yesterday afternoon and the game scheduled between Wilmington and Fayetteville could not be played, the Sailor crew having reached the city on last night's train for the series with Raleigh which opens this afternoon at League Park.

On their trip this week the Sailors were unable to puncture the runaway ascension of the Highlanders for the pennant, but they played consistent ball and hard luck was one of the elements of defeat in at least one or more of the games. The series here this week should be a classy one and it is hoped that the fans will turn out in good shape. As it was an off-day for the local fanfests the following figures of the individual hitting record of the Wilmington Club compared with Fayetteville to July 6th, inclusive, will be of interest to the 33rd degree enthusiasts:

Fayetteville.	Ave.	Po'n.	Ave.	Wilmington.
Dobson	.237	1b	.188	Mills
O'Halloran	.268	2b	.291	Burke
McEuroe	.250	ss	.159	Dubbs
Bunting	.266	3b	.162	Cooper
Shumaker	.250	lf	.251	Tydeman
Mullin	.198	cf	.190	Kluttz
Donovan	.245	rf	.216	Doak
Galvin	.168	c	.153	Kite
Total	1.822		1.520	Total

It will be seen, as a whole, we are led by a total of 302 points. The Sailors during the time mentioned only hit ahead of the Highlanders in one position, left field, where Tydeman leads Schumaker by one point. These figures demonstrate that no pitcher however good, can win his games unless there is a sufficient amount of swatting behind him. The locals appear to have gone into a bingling decline of late, but it is hoped they will soon don their batting clothes again and commence to hit the ball with vengeance.

SWASHES.

Thunderation!

Well, anyway, we didn't get beat.

And to think it was only a week or so back we were growling because of the rain.

The elements are getting to be about as capricious as William's definition of woman.

Today's our day for yanking a few pin-feathers from the Red Birds. Go out to the lot, and see the millinery fly.

Some facetiously inclined fan was heard to remark the only reason the Kilties did not take four games, was because only three were played. Creature!

The Sailors have taken advantage of the idle day to trim their batting lamps, and claim there's going to be some tall swatting at League Park today.

TENNIS CHAMPIONS OUT.

Not Allowed to Contest In Atlanta Events—Matches Yesterday.

Atlanta, Ga., July 6.—The elimination of Nat Thornton, former Southern champion, and E. V. Carter, Jr., Southern inter-collegiate champion, were features of today's play in the Southern Tennis championships in progress on the courts of the Atlanta Athletic Club at West Lake. The third in the singles and second round doubles were completed today.

Among the interesting matches on tomorrow's programme are Hall of New York against Doyle, of Washington, Whitehead of Norfolk against Cragin, of New York, and Winston of Norfolk against Doyle of Washington.

Results in third round men's singles:

H. G. Whitehead, Norfolk, defeated C. C. Glover, Atlanta, 6-2, 6-1; W. B. Cragin, Jr., New York, defeated B. M. Grant, Atlanta 6-4, 6-3; J. H. Winston, Norfolk, defeated Esmond Phelps, New Orleans 6-4, 8-6; C. B. Doyle, Washington, defeated E. V. Carter, Jr., Atlanta 6-0, 6-4; C. F. McIntosh, Norfolk, defeated G. Middlebrooks, Atlanta 6-4, 6-2; C. Y. Smith, Atlanta, defeated C. M. Rogers, Knoxville, 6-1, 1-6, 6-2.

(Note: Two matches third round singles to come).

Results second round men's doubles: Carter and Middlebrook, Atlanta, defeated Blair and Buford, Richmond 6-0, 6-3, 6-4; Williams and Angier Atlanta, defeated Candler and Scott, Atlanta 6-3, 6-1, 6-4; Cooper and Hartley, Memphis, defeated Avery, Detroit and Glover, Atlanta 6-2, 6-0, 6-4; Hall and Cragin, New York, defeated Smith and Howell, Atlanta 6-1, 6-1, 6-2; (Note: One match second round doubles to come).

Atlanta, Ga., July 6.—W. Merrill Hall, New York, defeated Nat Thornton, Atlanta 6-3, 6-3.

Two matches in the fourth round of the singles were played as follows: H. E. Doyle, Washington, defeated C. F. McIntosh, Norfolk 6-0, 6-2.

James H. Winston, Norfolk, defeated C. Y. Smith, Atlanta, 6-2, 6-4.

Add second round doubles.

Whitehead and Winston, Norfolk, defeated McIntosh, Norfolk, and Spratling, Atlanta, 6-0, 6-3, 6-3. Only one match in the third round of the doubles was played, Doyle Brothers, Washington, defeating Adair and Mansfield, Atlanta, 6-4, 6-3, 6-4. In the second round men's consolation singles, Lewis Blair, Richmond, defeated Jack Stewart, Atlanta, 6-3, 6-4. E. W. Ramspeck, Atlanta, defeated W. R. Harper, Philadelphia, 4-6, 6-2, 6-3.

TOBACCONISTS WIN EASILY

Goldsboro Kicks at Umpire Henderson—Bruck, for Wilson, Pitched Phenomenal Game—Four to Nothing.

(Special Star Telegram.)

Goldsboro, N. C., July 6.—Today's game was rendered farcical by the umpire's rank decisions, which aided Wilson in running up the score. In the second inning four hits and an error, netted three runs for Wilson. Three hits and a sacrifice fly brought in one more for them in the fifth. Bruck for Wilson had the Giants entirely at his mercy, allowing only one hit, although Stoehr yielded 11 hits more than half of them were infield hits.

The Tabulated Score.

AMERICAN LEAGUE.

Cleveland, July 6.—Cleveland defeated Chicago 5 to 4 in the final game of the year between these clubs in Cleveland. Koestner was invincible until the 8th, when Chicago took the lead for a few minutes. On Niles' triple Cleveland tied the score, winning in the ninth on two errors and two hits and Bemis' hit, scoring the winning run.

Chicago .....000 000 040—4 7 4

Koestner, Harkness and Easterly; Olmsted, Scott and Block; time 1:46; umpire, Evans.

Detroit, July 6.—Ray defeated the Tigers today for the third time in as many starts. The score was 7 to 4. The visitors bunched five hits, two of which were very lucky in the fifth, and drove Killian off the ruber. Works, who succeeded him, was hit at opportune times in the closing stages.

St. Louis .....000 040 111—7 9 1
Detroit .....100 021 000—4 7 3

Ray and Killifer; Killian, Works and Schmidt; time 1:40; umpires Dineen and Connolly.

New York, July 6.—New York and Boston broke even in today's doubleheader. The home team won the first game 3 to 2; the visitors took the second 5 to 3. Pitcher Quinn's sacrifice fly brought in the winning run in the early encounter. In the second contest Boston gained the decision by making four runs in the opening inning.

Boston .....000 000 011—2 8 1
New York .....000 000 021—3 6 0

New York .....000 110 010—3 12 0

Arellanes, Smith and Kleinow; Hughes and Sweeney; time 2:03; umpire O'Loughlin.

Washington, July 6.—Philadelphia defeated Washington 3 to 2 today, Morgan being strong at critical points and given better support, two of the visitors' runs being scored on errors. Lelivelt's batting and Collins' fielding were the features.

Washington ....090 101 000—2 12 2
Philadelphia ....020 100 000—3 7 0

Groom and Beckendorf; Morgan and Donohue; time 1:50; umpires Perrine and Egan.

JEFFRIES IN SECLUSION.

Even Refuses to See Intimate Friends at Oakland, Cal.

Oakland, Cal., July 6.—James J. Jeffries arrived in Oakland today. He was accompanied by his wife, brother and a number of intimate friends. He was taken to a hotel and immediately secluded himself.

He refused to see any visitors, even declining to see personal friends. Jeffries will leave for Los Angeles tomorrow afternoon and go at once to his ranch. The big fighter bears the scars of his encounter with Johnson. His face is still badly marred, his lips being swollen and cut and his eye almost closed. Patches of plaster adorn his features and he walked with his head low, indicating in every line of his big body a feeling of sadness. His spirit seems to be gone.

Jeffries refused to answer the assertion of Muldoon and others that he was "all in" before he ever entered the ring. The fighter maintains an absolute silence which his brother Jack and his wife are unable to break.

"It is what we might have expected," declared Mrs. Jeffries in response to a request for some statement of the criticism meted out to her husband. She apparently feels the former champion's position keenly.

Jeffries refuses to look at a paper, it is said, and smiles grimly at anyone who offers a word of criticism of his tactics during the fight.

"My steam was gone. I knew it in the fourth round. I tried to fight but I couldn't," he said once or twice since his defeat, but of the reasons which led up to this condition he refused to speak.

Special Cars on Beach Line.

Beginning with today and until further notice, a special train for the beach will leave the Tidewater junction on Mondays, Tuesdays, Wednesdays, Thursdays and Fridays at 6:05 P. M., stopping after leaving Wilmington only at Greenville, Wrightsville and all points on the beach. The management of the Tidewater Power Company hopes to make the time for this train to leave 6:10, but at the start it will leave promptly at 6:05.

JEFFRIES DISQUALIFIED

Rickard Says Fighter Was Not Knocked Out at Reno.

Reno, Nev., July 6.—"Was Jeffries disqualified or was he knock out?" is the point Tex Rickard is being asked by telegraph from several Eastern cities to decide. Rickard finds it difficult to make an official ruling on the technical points involved, but is disposed to rule that the interference of Jeffries' seconds in helping him to get up after the second knock-down constitutes a disqualification. He had this to say on the subject:

"Jeffries was not counted out, although I am positive he could never have got up with the ten seconds when he went down the second time if his seconds had not put their hands on him and pushed him up. This assistance disqualified Jeffries and I was trying to get between the fighters to stop the fight on that account when Johnson sent him down for the third time with a left and right to the jaw.

"The pictures will show that I got between them when this third knock down came and gave the fight to Johnson beofre the time keeper could ten. Therefore I believe it should stand as a disqualification, although as I have said, Jeffries would have been counted out had the disqualification not occurred."

Rickard's attention was called to the wide-spread agitation against the pictures of the fight being snown, particularly in the Southern States.

"I still hold a sixth interest in the pictures and am naturally interested but do not think this agitation will amount to anything except to advertise the pictures. The feeling will die out in a few days."

Reno is a like a deserted village today.

NO LAURELS FOR JOHNSON

Chicago Chief Against a Welcoming Parade For Champion.

Chicago, July 6.—"If a white man wants to meet a black man in the prize ring and gets 'licked' why, that's his business. Anyway the permit you want is up to the chief of police."

With the orders Mayor Busse today frowned on a request for permission to hold a welcoming parade for Jack Johnson upon his return here tomorrow. The delegation seeking the permit wanted a brass band and an escort of police. They next appealed to Police Chief Stewart.

"Nothing doing" remarked the chief. "I don't think such an affair should be dignified by an escort and a band. If you want to have a few automobiles at the train its all right. It isn't a public occasion."

As to the exhibition of motion pictures of the fight the Mayor said that what other cities were doing would not influence him.

"Anyway we'll cross that bridge when we come to it," he added.

SITUATION GROWS WORSE

Frequent Attacks Being Made on Jews. Threats and Abuse.

Berlin, July 6.—The situation of the Jews at Kiev is becoming worse. According to dispatches to the Jewish Aid Society the hostile mob is becoming dangerous in Slobodskoi, a suburb of Vyatka. Organized bands frequently attack the Israelites. Six have been severely injured and a large number slightly injured. The Jewish population is terrorized in all quarters by threats and abuse.

A JOHNSON-LANGFORD MATCH

Champion Agrees to Fight a Boston Fighter Will Put Up Side Bet of $20,000—No Chance for Mill in Wyoming.

Cheyenne, Wyo., July 6.—Governor Brooks tonight said that he would not permit Johnson and Langford to fight in Wyoming, neither would he allow any other big prize fight in the State.

If Sam Langford, the Boston fighter will put up a side bet of $20,000, heavy-weight champion, Jack Johnson, will fight him in Cheyenne during the great frontier celebration in the latter part of August or a month later.

Johnson made this statement today when his train pulled in from Reno enroute to Chicago.

For half an hour Johnson was given the greatest friendly demonstration he has received since the fight. A crowd of more than 5,000 including 1,000 negro soldiers of the ninth cavalry from Fort D. A. Russell, almost mobbed the champion's private car, the crowd greeting the champion with yells and waving of hats.

Flowers were showered on him and the crowds forced their way into Johnson's car to shake hands with him. A number of women in the crowd fainted as a result of the crush.

"There is no show for the fight here during the Cheyenne Frontier Celebration," said the Governor when told of the talk about a Johnson and Langford match.

"Wyoming laws forbid it, and I will see the laws enforced. Personally I am not opposed to the sport, and I should enjoy seeing the match, but the law forbids such fights. When I took the oath of office to uphold the laws, I meant it."

San Francisco, July 6.—When told that Jack Johnson had offered to fight him if he would put up a side bet of $20,000, Sam Langford said:

"My first name is 'Bet', and I'll fight Johnson at any time and place. As he is the champion, though, the odds should be two to one. I would put up $10,000 through Joe Woodman tomorrow against $20,000 of Johnson's money. I will force him to meet me in the ring."

Would Accept Offer.

San Francisco, July 6.—When Joe Woodman, manager of Sam Langford was told tonight by the Associated Press that Jack Johnson had offered to fight Langford if the latter would put up a side bet of $20,000, he declared he would accept the offer.

San Francisco, July 6.—Woodman is trying to arrange a ten-round bout between Langford and Kauffman. If this cannot be done, Langford and Woodman will leave on Monday for Chicago, where they say they will place the money for the Johnson side bet in the hands of a stakeholder. The only condition named by Woodman is that the promoters of the fight guarantee a suitable purse.

Johnson Will Not Fight.

Grand Island, Neb., July 6.—Champion Jack Johnson told a representative of the Associated Press, during the stay of his train here tonight, that he positively would not fight for a year. He indicated that he would not consider any challenge from Sam Langford.

New York, July 6.—The Abernathy boys, Louie and Temple, who rode horseback from Oklahoma to New York to greet Colonel Roosevelt, left for their home today in a runabout automobile with Temple at the wheel. Marshall Abernathy accompanied the youngsters in a touring car.

DR. J. M. FAISON NOMINATED

Will Represent Third North Carolina District in Congress—Convention Adjourns in Goldsboro in Best of Feeling.

(Special Star Correspondence.)

Goldsboro, N. C., July 6.—After an all-night session on the 477th ballot in the Democratic convention of the Third Congressional District, by a vote of 122, with 113 necessary to elect, Dr. John M. Faison, of Duplin county, was this morning at 7:20 o'clock, after a continuous, good natured and constantly active session since 1 o'clock yesterday, chosen as the candidate to champion the cause of the people of this district in the Congress of the United States.

It was a hard fought contest, one candidate being in the lead on one ballot, and another on the ballot following. The Hood delegates went wild with joy on the 395th ballot when it was learned that he only lacked seven votes and a fraction of being nominated, having received 106 votes and a fraction, but on the ballot following he lost 19 votes and from then until about 5 o'clock it was a dead-lock.

A little before 7 o'clock this morning Thomas and Duffy withdrew from the race, and as Robinson had also retired, this left the fight between Hood and Faison, and Faison was nominated, receiving 122.77 votes. The votes of the different counties were as follows:

	Hood	Faison
Carteret	23	——
Craven	8.43	21.57
Duplin	——	33
Jones	5.94	7
Pamlico	6.05	6.95
Pender	5.25	14.75
Sampson	8.50	19.50
Wayne	45.00	——
Onslow	——	20.00
Total	102.17	122 77

The convention adjourned sine die today in the best of feeling.

BOILER EXPLODED.

Three Perhaps Fatally Injured at Saw Mill in Newbern.

(Special Star Correspondence.)

Newbern, N. C., July 6.—At 6:45 o'clock this morning the large 30-horse power boiler at J. Council Brown's saw mill, at foot of Metcalf street, exploded and as a result John Midgett, colored engineer; Tom Foy, colored fireman, and a colored woman whose name could not be learned and who was struck by a piece of flying scantling as she was crossing Trent River bridge, are seriously if not fatally injured.

The accident is said to have been caused by the failure of the steam gauge to properly register, and the pressure becoming too great, the great hulk of metal could not withstand the strain and its sides flew asunder. The explosion was heard all over the city and in a short while thereafter hundreds of people were on the scene viewing the ruins. Practically the entire building was wrecked. The fly wheel on the engine was twisted off as if it had been made of putty. The large planing machine just in the rear of the engine room was also totally wrecked. If the catastrophe had occurred 20 minutes later after the men who are employed there had gone to work, there would have doubtless been a number of them injured. Fortunately none of these were in the building. The loss to property and machinery is estimated at about $5,000.

NEWBERN PLACES BAN.

No Moving Pictures of Jeffries-Johnson Fight There.

(Special Star Telegram.)

Newbern, N. C., July 6.—Acting upon a request from a number of prominent citizens, Mayor McCarthy this afternoon issued an order prohibiting the proposed exhibition of the moving pictures of the Johnson-Jeffries fight in this city. This was done in order to suppress as much as possible any race hatred.

Napoleon's Grit.

was of the unconquerable, never-say-die kind, the kind that you need most when you have a bad cold, cough or lung disease. Suppose troches, cough syrups, cod liver oil or doctors have all failed, don't lose heart or hope. Take Dr. King's New Discovery. Satisfaction is guaranteed when used for any throat or lung trouble. It has saved thousands of hopeless sufferers. It masters stubborn colds, obstinate coughs, hemorrhages, lagrippe, croup, asthma, hay fever and whooping cough and is the most safe and certain remedy for all bronchial affections. 50c, $1.00. Trial bottle free at Robert R. Bellamy's.

ALL WRONG

The Mistake is Made by Many Wilmington Citizens.

Don't mistake the cause of backache. To be cured you must know the cause.

It is wrong to imagine relief is cure Backache is kidney ache.

You must cure the kidneys.

A Wilmington resident tells you how.

A. M. Wilson, 402 S. Fifth St., Wilmington, N. C., says: "I am a strong endorser of Doan's Kidney Pills and shall always praise them. I believe Doan's Kidney Pills the best remedy to be had for Kidney trouble. My back was very weak and lame and though I wore plasters and tried liniments I did not get relief. The kidney secretions were so frequent in passage that I had to get up several times at night and they also contained sediment. I heard so much about Doan's Kidney Pills that I decided to try them and procured a box at Robert R. Bellamy's Drug Store. They cured me after other remedies had failed and it can be plainly seen why I am so willing to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

AFFAIRS AT WHITEVILLE, N. C.

Godwin Men Dissatisfied at Representation Given Them at Whiteville—Waccamaw Club—Personal and General Items.

(Special Star Correspondence.)

Whiteville, N. C., July 6.—The friends of Congressman Godwin are very much dissatisfied over the action of the convention here last Saturday. Mr. J. R. Williamson who is Mr. Godwin's leading friend in Columbus county, says that out of 40 delegates sent to the Wrightsville Beach convention that only eight, and ten at the outside, are dyed in the wool Godwin men, the rest not being favorable to his nomination. There is talk of meeting in different country precincts that went largely for Mr. Godwin and entering protests against the division of delegates. But the anti-Godwin side do not seem to be the least disturbed and say that Mr. Williamson made his fight against the manner of selecting delegates in the meeting, and was voted down three times. The outlook is that there will be a protest from Columbus county when the convention meets.

The Waccamaw Club, which proposes to build a club house on the shores of Lake Waccamaw, has been organized, with Mr. E. B. Wright, of Boardman, as president, and is ready for beginning work. The membership is limited to 50 and the membership fees at $100. It is proposed to build a modern club house on the northern shore of the lake where members can carry their families and remain as long as desired. They are also talking about building a fine tourist hotel on the lake, for both Winter and Summer. It is proposed to add to the hotel a large and well stocked game preserve, and during the Summer there can be fishing and boating on the lake.

The six-months-old infant of Mr. Davis Broadhurst died early Tuesday morning at the home of Mrs. John Dunn and the body was carried to Town Creek, Brunswick county, for interment. Mrs. Broadhurst died in March and in this second bereavement Mr. Broadhurst has the sympathy of many friends.

At the Baptist church on Sunday evening Rev. Chas. C. Smith held an Independence service and had the Vineland Band to furnish the music for the occasion——Miss Sarah Burkhead, the efficient stenographer in the Attorney General's office in Raleigh, is the guest of her mother here——Mr. John Maultsby and family, of Campville, Fla., are visiting at the home of Mr. J. D. Maultsby, and is receiving a cordial welcome from his old friends here——Mrs. Donald McRackan, who has been so desperately ill, is slowly improving——Mrs. D. C. Geddie is visiting relatives at Stedman——Mrs. C. I. Singletary, of Lumber, S. C., is the guest of Mrs. John Carnes——Hon. John P. Council, of Wananish, leaves this week for a trip to New York and will be gone some time.

Lloyd Duncan, who has been in jail for some time, first on the charge of killing Joyner at Roseland, and acquitted to be instantly re-arrested for selling whiskey, was let out of jail Saturday on bond signed by Manly Wright, of Clarendon.

The cotton crop in this section will be the shortest in years owing to injury done by wet weather and blue lice. Many farmers say they will not make over half an average crop. Tobacco is being gathered and a fairly average crop will be made.

CORPORATION TAXES.

Commissioners Busy With Assessment Delinquents.

(Special Star Correspondence.)

Raleigh, N. C., July 6.—The Corporation Commission is just entering upon the work of appraising for tax valuation the corporations of the State, of which there are over 5,000. They began with the railroads in which there will be little change, this class of property being classed with real estate for general assessment every four years. Extensions and improvements are only considered this year as to railroads, next year being the time for general re-assessment. The corporations are required to file certified reports on which the assessments are made this year. It is understood that a large number of these have not yet filed these reports, although a very large per cent. have been reasonably prompt. Urgent calls are being made on the delinquents to get in these reports without further delay.

For Brain Fag.

Take Horsford's Acid Phosphate

Relieves tired nerves, brain fag and headache following mental strain, overwork or worry.

A Frightful Wreck

of train, automobile or buggy may cause cuts, bruises, abrasions, sprains or wounds that demand Bucklen's Arnica Salve—earth's greatest healer. Quick relief and prompt cure results. For burns, boils, sores of all kinds, eczema, chapped hands and lips, sore eyes or corns, its supreme. Surest pile cure. 25c at Robert R. Bellamy's.

INTERESTING DATA.

Valuable Papers Donated to North Carolina Historical Commission.

(Special Star Correspondence.)

Raleigh, N. C., July 6.—There has just come into the possession of the North Carolina Histocical Commission a large and valuable collection of letters and documents of the late Mrs. Cornelia Phillips Spencer, author of "The Last Ninety Days of the War in North Carolina." They are presented to the commission by Mrs. James L. Love, of Cambridge, Mass., a daughter of Mrs. Spencer, and the collection contains numerous letters to Mrs. Spencer from Governor Swain, Governor Vance, Governor Graham, Josiah Turner, Hannis Taylor and others. Also many letters written by Mrs. Spencer herself. Many of these letters from distinguished North Carolinians formed the basis of her book, "The Last Ninety Days of the War in North Carolina," and throw much light on the history of the period treated in connection with the reconstruction in the State. It is an interesting fact that Mrs. Spencer was very instrumental in the reopening of the University of North Carolina after the war and this collection of letters and documents throw a flood of light on that most important feature of the history of the State.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? The pies? No. It's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Robert R. Bellamy's.

Wood's Late Seed Potatoes

are selected seed potatoes carried in cold storage, so as to supply them unsprouted and in the best condition for summer planting.

The best time to plant Late Potatoes is in June or early in July, to make the largest yielding crops for winter use or market.

Write for **"Wood's Crop Special,"** giving prices and seasonable information about Late Potatoes and other Seeds for Summer Planting.

Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort.

Here is a stove that gives **no outside heat.** All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking — none in outside heating.

New Perfection

WICK BLUE FLAME

Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is **no surrounding heat—no smell—no smoke.**

Cautionary Note: Be sure you get this stove—see that the name-plate reads "New Perfection."

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wipe with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest Agency of the

Standard Oil Company

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY (Inc.)
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Thursday, July 7th, 1910.

DOCTOR FAISON FOR CONGRESS.

The Democratic Congressional convention for the Third District, after a strenuous struggle for a day and a night at Goldsboro, nominated Dr. J. M. Faison, of Duplin county, for the National House of Representatives. The convention reached a nomination early yesterday morning after a strong contest for the honor between the Hon. Geo. E. Hood, of Wayne county; the Hon. Rodolph Duffy, of Onslow; Editor Joseph E. Robinson, of the Goldsboro Argus, and present Representative Chas. R. Thomas, of Newbern, who made no fight for the nomination but occupied a receptive attitude during the contest.

The Democrats of the Third had five good men to select from and it would have been impossible for them to have made a mistake in nominating either of the sterling Democrats and patriotic North Carolinians who sought the nomination. Nothing but good can be said of Dr. Faison, to whom the convention turned in the final hours of the contest. He is in the prime of life and is every inch a true and loyal North Carolinian, a thorough-going Democrat, and a man of the staunchest integrity, well worthy of the confidence and support of the people in the various counties of the Third District. He is a man of strong convictions and possesses the ability that will make him a valuable representative at Washington. The Doctor is a vigorous and fearless speaker and is well prepared to take care of himself in a canvass of his district. The man who measures lances with him in the election will be sure to go to the ropes in November.

This pilgrimage of the insurgents to Oyster Bay begins to look suspicious. The smiles of the departing insurgents especially are somewhat significant. Watch Teddy.

As soon as Jim Jeffries can take the bandage off his eyes, he can see his mistake in emerging from an exalted retirement from the prize ring. If all of us could see our mistakes before we make them it would enable us to get cold feet on many occasions when we are destined to put our foot in it.

At Beverly, Taft laughed, Roosevelt laughed, and they patted each other on the shoulder and talked and laughed and laughed. What was it all about? They may have been laughing at The People, and as one of the innocent by-standers we will exhibit no hilarity till we know that the country is safe.

Nobody but a mathematician, "powerful quick at figgers," should be expected to succeed as secretary of a Democratic convention of any kind in North Carolina. There are enough fractions in the township, county and State nominating vote to make any secretary see sights like the boys in an arithmetic class.

The "mashers" in the public squares and parks of Baltimore are giving no end of trouble and it has been suggested that the city should have women policemen to help round upon the fellows who make advances to every pretty girl they see. Instead of arresting the mashers the women cops will be sure to arrest the attention of every man in town.

The man who invented the ludicrous hoopskirt for ladies has just died in New Jersey at the advanced age of 83 years. What a tolerant period it was when old man Joseph Thomas invented the hoop-skirt and got the women all to wearing it! An inventor who would attempt to put off a contraption like that on an unsuspecting fashionable circle at this time would not live to tell the tale.

TEXTILE EDUCATION.

The Star has always been a strong believer in technological education and for that reason we have laid great store by the North Carolina College of Agriculture and Mechanic Arts, at Raleigh. That great State institution has done an invaluable work in North Carolina and it is constantly enlarging its scope and increasing its usefulness. It continues to accomplish on a broader scale each year the purpose for which it was founded, and we are sure that the State will continue its support on an increasing scale as its important and inestimable work unfolds.

We do not intend here to speak at length about the A. & M. College, for its work is generally understood throughout the State, and we believe that work is being more highly appreciated every day. It is our purpose, however, in this instance, to refer to the textile department of the college and to commend it for what it has accomplished and say a word of encouragement in its behalf. The A. & M. through this department is endeavoring to train young men for responsible positions in cotton mills and thus it will be seen how important a branch of technological training is being undertaken—not as an experiment, but as a practical success.

The Star is gratified to note the success of the A. & M. Textile Department and to learn that the work is progressing along the most satisfactory lines. Quite a number of students have taken the textile course and they will be turned out as experts in the textile industry, adding to the State's industrial and technological forces a most important element of strength in the further development of North Carolina's large and growing cotton milling industry. The students have made good to a remarkable degree, as we may observe from some samples of their work during the past session.

The Department sends the Star some beautiful samples of cotton cloth which were designed and woven by the students. The textiles sent us are beautiful and tasty in design and the finish would do credit to any textile establishment in America. We cannot help expressing a sense of gratification and pride that such work is being done by young North Carolinians and that they are being admirably equipped for lives of great usefulness for themselves and for the greater industrial development of North Carolina. The cloths are really pretty and we are confident that the department will send out to our North Carolina factories young men well qualified to increase the value and quality of their products, the feature of the industry upon which final success largely depends.

The textile industry has now reached an exceedingly important stage in North Carolina and it has become a very large part of the business of the State, considering the fact that North Carolina already is the third cotton manufacturing State in the United States, with the industry growing at a very rapid rate. Already the South, especially North Carolina, is beginning to make finer fabrics and fancier goods, and if we are to make progress along that line and make it possible for the Southern milling industry to cope with that of any part of the world, it is necessary to train our young men just as the A. & M. Textile Department is doing so successfully. The textile industry needs industrious, intelligent, progressive and well trained men for the work and the North Carolina College of Agriculture and Mechanic Arts is well prepared to give the necessary training and education that will equip young men for responsible work in developing an industry that is now one of the largest in the South. It is not only giving to the young men a training of great value to themselves but it is enlarging their opportunities and making their achievements a matter of certainty.

The Textile Department at the A. & M. College has a very able staff at its head, the chief being Prof. Thomas Nelson; Assistant Prof. B. Moore Parker, B. S., who is in charge of carding and spinning; Prof. John E. Halstead, B. S., instructor in dyeing, and Prof. H. N. Steed, instructor in weaving and designing. The department is exceptionally well equipped for giving instruction in all branches of cotton manufacturing and is doing a splendid work in equipping young men for important positions in the industry. Every machine used in a cotton mill is included in the equipment of this textile school—from the cotton gin and picker, to the spindle, and finally to the loom on which the cloth is made. The students are systematically instructed in their work so that they not only receive a theoretical training, but also a systematic practical training.

Three courses of instruction are offered. There is a four year course which not only includes all textile work, but the regular collegiate instruction in mathematics, drawing, chemistry, etc., the graduate in this course taking the degree of B. E.

Next to this comes the two year course, which is intended for young men who cannot take the full course. In this course thorough instruction in cotton manufacturing is given, together with such subjects as machine shop, forge work, practical dyeing, etc.—all the work tending to make of the student a good all-round mill man.

There is also a four-year course in textile chemistry and dyeing. In this course students are given a certain amount of practical textile work, but the major portion of the work is in chemistry and dyeing. The department has a well equipped laboratory for instruction in dyeing, both experimental and practical.

From all this we see that North Carolina is prepared not only to give her own sons textile training, but the advantages of this great institution are open to the entire South. Many graduates of this department are holding responsible positions in the mills and other work connected with the milling industry in North Carolina and other Southern States. These positions include cotton mill superintendents, overseers, second hands, sections hands, overseers of dyeing, machinery draughtsmen and salesmen, textile chemists, etc. In this line the college expects to do a greater work during the coming session than has ever been accomplished before.

THE ONE-CROP BUSINESS.

Judging from the columns of our exchanges, the one-crop idea is a memory in North Carolina and modern farming methods are taking the place of the soil impoverishing farming of the years gone by. Not only are crops being diversified but the soil is being better prepared, more scientifically fertilized and more thoroughly cultivated. North Carolina has always had a greater diversity of agricultural products than any other Southern State and very fortunately the conditions prevented the farmers of North Carolina from falling into the one-crop idea on cotton culture, except in some of the eastern counties more adapted to cotton production than some of the counties in the western portion of the State.

Most of the crops and agricultural products grown in nearly every agricultural country in the world can be produced in North Carolina, and the Star is gratified that the agricultural products of the State are even more generally diversified every year. The great possibilities of agriculture in North Carolina may be partially realized when it is stated that the principal money crops grow to perfection in the different sections of the State, such as cotton, tobacco, peanuts, rice, buckwheat, grain crops of all kinds, hay crops, truck crops, fruits, etc. Every conceivable product known to American agriculture can be successfully grown in North Carolina—from rice in the tidal country to buckwheat in the mountain country.

The farmers of North Carolina are diversifying their money crops more than ever and it is especially gratifying that more attention is being given to the food crops. Thanks to the splendid work of the State Agricultural Department, North Carolina is destined to be a great corn-growing State. Not only has the acreage in corn been largely increased but methods have been introduced to largely increase the yield per acre. Corn-growing contests have been organized in 70 counties in the State and farmers institutes and experimental farms have been established in about 50 counties. Thus the farming interests of the State have been greatly accentuated, and the potentialities of agriculture have been greatly enlarged. The farmers are taking a deeper interest in their work and are appreciating the opportunities for instruction in all the branches of the industry—soil restoration, scientific fertilization, seed selection, better preparation of lands for cultivation, more improved methods of cultivation, and general economics.

The point which we started out to make was that a great stimulus has been given to corn production in the State on account of the corn contests conducted under the auspices of the State Agricultural Department. There are a great many more contests than there were last year and the newspapers all over the State furnish good news about the prospects for the corn-growers, especially the boy growers who are working for the prizes offered by the Department. One of the contestants last year was J. F. Batts, of Wake county, who got the first prize for having produced on one acre of land 261 2-3 bushels of corn. The contest this year will be watched with interest and we shall see whether Mr. Batts will beat himself or let some of the other contestants get ahead of him. At any rate these contests are learning North Carolina farmers that they can make more corn grow by greater odds than they ever grew before on a given area of land and that they can make money on crops other than cotton, tobacco and peanuts, the great staple crops for which North Carolina is famous.

Attention will now revert from all quarters of the globe to the fact that Wilmington is the logical port for Atlantic coast business by way of the Panama Canal when the ships begin to run.

The revulsion against the exhibition of moving pictures portraying the Jeffries-Johnson prize fight at Reno, appears to have been spontaneous. Every paper one picks up denounces the prize ring and condemns the moving picture exhibition of the barbarous sport.

CURRENT COMMENT.

By using a stethoscope and a sensitive telephone relay the heart-beats of a patient in London were transmitted to the home of John Milne, the noted seismologist, on the Isle of Wight. The heart throbs were heard by four physicians over an ordinary telephone and so clear was the transmission that it was possible to diagnose the heart troubles. It is expected that this use of the stethoscope with a telephone relay will enable physicians to keep in touch with their patients.—Chicago News.

This is a Democratic day and in almost every county comes the news that Populists and Republicans are coming into the Democratic party to help win the fight against Privilege. In Columbus county, Mr. J. B. Schulken, a former Republican, presided over the Democratic convention. He was formerly a Democrat but from principle joined the Populist party. He is a man of ability and character, and all such men are welcomed into the Democratic party. The party needs such men and men of that type need to be associated with Democrats to carry out the reforms needed—Raleigh News and Observer.

The prize fight between the white man and the nigger came off according to programme and the white man got a genteel licking. The negro could have killed him if he had chosen to do so. From the beginning Johnson toyed with Jeffries like a cat playing with a mouse. The sports who went to Reno expecting to see a prize fight, were badly sold out. We cannot say that we have the slightest sympathy for the defeated man. In consenting to fight with a negro he may not have elevated the colored race, but he certainly did not elevate his own. We hope this country will never witness another spectacle of the sort.—Charlotte Chronicle.

The government has taxed the people during the year just closed about $66,500,000 more than the previous year, and this is approximately the difference between last year's deficit and this year's surplus. The customs have yielded about $32,000,000 more than the year before. There was a little increase in internal revenue. By means of a new tax—the corporation tax—over $18,000,000 of additional revenue was obtained. The expenditures had largely exceeded the income. The Republicans levied additional taxes and managed to cover the expenditures, which they had not reduced. This is about the most microscopical capital we ever knew a party to enter a campaign with.—Philadelphia Record.

"The esteemed and superior North Carolina tomato," says the Wilmington Star, "with its unrivalled flavor and great size, has chased out the tasteless little apologies that some States have a mistaken idea that they can pass off for the real article." Yes, the North Carolina tomato cannot be equalled anywhere, and the Post believes the finest raised in North Carolina are raised right here in Rowan county. The culture of the tomato has become a hobby with our people, in town and county alike (each one trying to surpass his neighbor as to both size and quality and the result is this most delicious vegetable has reached the height of perfection here Truck loads are now being shipped daily from Salisbury to Asheville, Washington and other markets and they command the very highest prices, from 10 to 12 1-2 cents per pound.—Salisbury Post.

The annual report of Mr. B. F. Keith, collector of the port of Wilmington, covering the year ending June 30th, 1910, contains some figures which are interesting as showing the gratifying growth of that port. The value of exports from Wilmington during the year was $20,922,398, a gain of two per cent over the previous year, while importations showed the remarkable gain of more than 91 per cent., the figures being $2,355,253 as against $1,228,945. The receipts suffered a slight decrease owing to the fact that under the new tariff sulphate of ammonia enters free, an item which during the previous year yielding a revenue of $15,000. A striking fact which may be read between the lines of Collector Keith's report has to do with the immense advantage which a considerable increase in storage facilities would give Wilmington. This step has been urged by the more progressive business men of that city for some time, and when it is put into execution the import business of the port will doubtless show rapid increase. The next generation will witness the active upbuilding of the ports along the South Atlantic coast, if for no other reason than that topographical conditions prohibit little old New York from doing much more business than it is now handling. The entire State is interested in seeing that Wilmington gets its full share of progress from the situation, and the building of more warehouses there will be eagerly watched.—Charlotte Observer.

According to the Whiteville News Reporter, there are at present in contemplation at least three new railroads which will touch the county seat of Columbus in the near future, effecting a junction at that point with the Atlantic Coast Line which already passes through the town. The most extensive of these will be the Trans-Continental, which is planned to tap the coal fields and find its ocean terminus at Southport in Brunswick county. The profits from coal hauling as well as the business which will naturally arise from the rich farming district through which the surveys of the proposed line run make its prospective dividends appear very attractive, and as the State will give it $10,000 worth of convict labor per mile there is no good reason to doubt its eventual construction. Surveys for a line from Bladenboro in the southwestern part of Bladen county to Southport include Whiteville on the route, and there is every probability of an early extension to the same place of the Bladen and Columbus Railroad, which at present connects Waddell's ferry on the Cape Fear river with Clarkton, both terminl being in the first-named county. The plans for these new railroads are among the natural corollaries of the activity produced by the approaching completion of the Panama canal. The coming of the isthmus will give the South Atlantic and Gulf coasts an importance not before possessed and the benefits resulting will affect every coast and near-the-coast community from Norfolk to Galveston. With four railroads, as the News Reporter predicts, Whiteville will indeed witness startling revelations. The additional facilities will mean the draining of swamps, the changing of what are now forests into fertile fields, the transformation of straggling villages into thriving towns. These changes will not be the accomplishment of a month or a year, but the least optimistic can furnish few reasons for not expecting them within a reasonable time.—Charlotte Observer.

SCHOOL FUND APPORTIONED

Semi-Annual Meeting of County Board of Education—Reports Received and Other Important Business Transacted.

For the purpose of making the semi-annual apportionment of the school fund, as required by law, the County Board of Education held a meeting in the office of the county superintendent of instruction Monday morning at 9 o'clock with Chairman J. O. Carr presiding and Messrs. W. H. Sprunt and D. J. Fergus, members of the board; Prof. Washington Catlett, supe rintendent, and Mr. H. McL. Green, treasurer, in attendance.

While the main purpose of the meeting was to make the semi-annual apportionment of the school fund, reports were received from the county superintendent of instruction and the county treasurer, business of minor importance was considered and plans for the coming school year discussed.

Messrs. A. L. Vann and J. T. Canady, of district No. 14, appeared before the board with reference to a proposition to move the school house in that district nearer to Greenville station. Mr. Vann was favorable to the proposition while Mr. Canady protested against a change at this time. The board decided that it was not feasible to change the location of the school building at this time, but it is quite probable that an annex will be erected in order to relieve the rather congested condition of the school.

The apportionment was based on a census of 7,693 school children in the county, a majority of whom live in the city, and was on a per capita of 39 cents. The treasurer reported that there was $23,997.79 in the treasury, less $19,345.86, the amount overdrawn by the schools during the year, leaving a net balance of $4,651.98. The board decided to reserve in the contingent fund, $1,651.93 of this amount, leaving $3,000 to be apportioned among the schools of the county as follows:

Wilmington township—District No. 1, $1,134.50; No. 2, $1,179.75, making a total for the city of $2,314.26.

Cape Fear—District No. 10, $42; No. 12, $62; No. 6, $64, a total of $168.

Federal Point—District No. 8, $42; No. 9, $42; a total of $84.

Masonboro—District No. 4, $60; No. 3, $42; No. 16, $25; a total of $127.

Harnett—District No. 7, $42; No. 13, $42; No. 11, $42; No. 5, $62; No. 16, $60; No. 15, $58.74; a total of $306.74, making a grand total for the county of $3,000.

The report of County Treasurer H. McL. Green, under the head of receipts and sources, showed: Balance June 30th, 1909, brought forward, $6,580.60; county fund for year; General State and county poll tax, $4,992; general property tax, $25,296.02; special county property tax for schools, $16,932.20; fines, forfeitures and penalties, $3,372.27; tuition, $20; dog tax, $14; funds from State from first $100,000, $1,317.89, making a total of $59,922.99. Under head of expenditures: Spent for teaching and supervision, County Superintendent, $720; white teachers, $29,949.70; colored teachers, $10,447.85; spent for buildings and supplies: fuel and janitors, $3,132.65; furniture—desks, stoves, blackboards, etc., $998.71; supplies—brooms, buckets, etc., $1,834.70; new buildings, repairs and sites, (white), $5,357.84; new buildings, repairs and sites, (colored), $375.88. Spent for administration: Treasurer, 2 per cent. on disbursements, $1,074.46; mileage and per diem of county board, $72.25; expenses of county board, $58.89; census and committeemen, $35.12; other expenses, $172. Taxes refunded, $53.50. Total expenditures for all purposes, $54,800.40, leaving a balance on hand of $5,122.59.

The financial report of Prof. Washington Catlett shows expenditures as follows: County superintendent, $798.50; white teachers, $5,796.25; colored teachers, $3,140; a total spent for teachers and superintendent of $9,734.75. Fuel and janitors, $299; furniture—Desks, stoves, blackboards, etc. $448.85; supplies—brooms, buckets, etc., $37.57; insurance and rent, $103.86; new buildings, repairs and sites, (white), $2,550.84; new buildings, repairs and sites (colored), $244.88, making a total spent for buildings and supplies, $3,684.99. Treasurer, 2 per cent. on disbursements, $1,074.46; mileage and per diem of county board, $72.25; other expenses, $93.50, a total for administration, $1,334.22. Taxes refunded $53.50. Paid to city schools, $39,992.94; total expenditures for all purposes, $54,800.40, leaving a balance of $5,122.59. The "other expenses" referred to above are as follows: Typewriter, $40; trips of superintendent to two meetings of superintendents as required by law, $44; 5 per cent. commission of Clerk of Superior Court on fines and forfeitures, $9.50, a total of $93.50.

The following is taken from the statistical report of the county superintendent: Value of rural school property, white, $9,875; colored, $5,275; total $15,150; number of rural school houses, white, 14; colored, 11; total, 25; number of school houses with only one room, white, 11; colored, 11; total 22; number built during year, white 2; total cost of new houses built, white, $2,362; number of houses repaired, white, 5; colored, 8; total cost of repairs, white, $188; colored, $244.88, total, $432.88. Libraries—number of rural libraries, white, 14; colored, 10; total, 24; number of volumes in all, white, 2,037; colored, 838; total, 2,828. The superintendent was employed for 220 days, spending 157 days in his office and 63 out of the office. Number of solvent polls, 3,328; number of insolvent polls, 1,256; tax levy on each poll, 2,36; amount devoted to schools, 1.86. Rural enrollment, male 307; female, 299; total, 606. Rural average daily attendance, male, 192; female, 183; total, 375.

Mr. W. A. Piner was appointed committeeman in district No. 3, Myrtle Grove, to fill the unexpired term of Wm. Hollis, resigned.

The board adjourned subject to the call of the chairman. It is understood that another meeting will be held within the next few days to take up the matter of providing some new buildings and making repairs to old in the rural districts.

Children's Souvenir Dance

At Lumina tonight, 8:15 to 9:15. Regular dance follows. **

TENDERED IMPORTANT POST

Hon. E. J. Watson, Commissioner of Agriculture of South Carolina, Offered Position With National Government.

Col. E. J. Watson, Commissioner of Agriculture of South Carolina, following his address before the South Carolina Cotton Seed Crushers' Association, in session at Wrightsville Beach, yesterday morning, let the fact be known that he had been tendered an important post by the National government—a newly created position that will take one to various parts of the world to exploit the American manufactures. The work is in line with that he has been doing for South Carolina, though on a more extensive scale. While Col. Watson did not state whether or not be would accept the position, it is understood that he is seriously considering the offer.

The first intimation to the public of the offer came at the meeting yesterday, when, in course of his speech, Col. Watson said: "I confide myself to you to say that after a cabinet meeting in Washington, yesterday one week ago, the Federal government determined upon an active policy not unlike that of Germany for the exploitation of American goods in the available but heretofore closed markets of the world and in this matter the cotton seed industry has been deemed of second importance in the list."

It was learned here yesterday morning that it had been rumored in South Carolina ever since the return to Columbia of Col. Watson from a visit to Washington that he had been tendered one of the best positions in the gift of the Federal government, but no authentic announcement was made until yesterday.

Col. Watson, after making the above statement in his address, and in view of the rumor to the effect that he had been offered a position with the government, was questioned by a newspaper man and while he was somewhat reluctant to discuss the matter, stated that the position had been offered to him. The position comes under the head of the Department of Commerce and Labor and is one of the most attractive in the gift of the government at a salary larger than the assistant secretary of any of the departments, larger than any of the Governors of the States, save ten, and in effect, better perhaps than that of United States Senator. Col. Watson would not state just exactly what the position is, but said that the duties would be in the nature of those of a special representative of the Washington government, and of a purely constructive and non-political character, being in the execution of a recently developed determination on the part of the government to push with especial vigor American trade and commerce into the farthest sections of the world.

"The duties," said Col. Watson, "would be in line with those to which I have devoted my every energy in South Carolina, but with the world for a field, and would carry the man discharging them first for some years to the Orient—China, Japan and Mongolia, and then to South Africa and other countries. The duties of the position would be such, too, to enable one to accomplish much for the textile industry of the South as well as of the country at large, and perhaps to do a great deal in all matters pertaining to cotton, which great American agricultural product would receive under the policy adopted most particular attention. The fullest exploitation of American manufactured products in world regions wherein they are now unknown would be a leading line of duty."

Col. Watson said that he did not know that he was even thought of for the place until he received a telegram last week asking him to go to Washington, where he found that Representatives Burleson, of Texas, and Lever, of South Carolina, had suggested his name in connection with the position, when inquiries were being made as to a man equipped for the service desired.

Col. Watson is an ex-newspaper man and has been Commissioner of Agriculture of South Carolina for several years, making him peculiarly fitted for the work desired by the government. It is understood that the position carries with it a salary considerably exceeding $5,000 a year with all expenses in addition.

PROF. WINGATE UNDERHILL.

Resolutions Adopted at Recent Session of Teachers' Assembly.

Whereas, since the last meeting of the North Carolina Teachers' Assembly death has removed from our ranks one of our members, Mr. Wingate Underhill; and

Whereas, we recognized in him a teacher of the first rank, a loyal member of the Assembly, a zealous worker in the cause of education, and a true Christian gentleman;

Resolved, That the members of the North Carolina Teachers' Assembly feel the deep loss to the Assembly and to the cause of education in North Carolina which comes from his untimely death; and

Resolved further, That we extend our sincere sympathy to his bereaved wife and family; and

Resolved further, That a copy of this resolution be spread upon our minutes, and that other copies be sent to the Wilmington and Louisburg papers with request for publication.

LAD PAINFULLY INJURED.

Master Llewellyn French Run Over by Delivery Wagon Yesterday

While playing in the street with a number of young friends in front of the home of his parents, Mr. and Mrs. Wm. A. French, at Fourth and Dock streets, yesterday morning, Master Llewellyn French was run over by a delivery wagon of one of the downtown merchants and was very painfully injured, his collar bone being broken and he having suffered a number of bruises. The lad did not see the approach of the wagon until it was upon him and he had no time to get away. He was carried into the home and a physician gave him the necessary attention. His many young friends hope that he will soon be out again and friends of the family trust that the injuries will not prove fatal.

ED. N. PENNY, INC., ASSIGNS

Mr. W. F. Penny is Named as Trustee and Directed to Take Charge—Place Later Closed Under Execution.

Ed. N. Penny, Incorporated, which has been doing a clothing and gents' furnishings business at Nos. 28 and 30, South Front street for several months, made an assignment yesterday afternoon, the deed being filed in the office of the Register of Deeds at 2:18 o'clock. Mr. W. F. Penny is named as trustee and the instrument directs that he take charge of the business and dispose of the stock at public or private sale and after paying the expenses necessary to discharge the trust distribute the proceeds pro rata among the creditors.

At 2:30 o'clock the business was closed under an execution from Justice Harriss' court, but will probably be turned over to the trustee again this morning. The deed of trust sets out "That whereas said Ed. N. Penny, Inc., is indebted to various parties and unable to meet the demands upon them and are desirous to secure an equitable distribution of their property and effects among their creditors, now, therefore, at a special meeting of the stockholders of the said Ed. N. Penny, Inc., held in the city of Wilmington, N. C., on the 27th day of June, there being present and voting all the stock except five shares, the said stockholders instructed the directors to empower the officers to execute this deed of trust to protect their creditors." The deed then goes on to state that in consideration of the premises and $1, the party of the second part is given in trust the following property: All and singular stock in trade, goods, wares and merchandise, book accounts, choses in action and effects of any and every nature whatsoever now in the store or place of business at Nos. 28 and 30 South Front street. The trustee is directed to collect all the said choses in action, accounts, etc., so far as he may be able to do and sell said property, goods wares and merchandise, at either public or private sale, as may seem best to him to protect the interest of the creditors, also dispose of the amounts collected and proceeds arising from such sale as follows: First, deduct and retain such costs and expenses necessary to discharge this trust together with 5 per cent. commission on receipts and disbursements thereunder; second, pay to M. W. Nash, attorney, $200 for professional services; third, the balance to be paid to and distributed pro rata among each and every creditor according to their respective claims. No creditor is to be given preference.

Geo. P. Ide & Co., New York City, was given judgment in Justice Harriss' court against the firm for $198 and an execution was issued, being served from the Sheriff's office at 2:30 P. M. Later in the afternoon Sweet, Orr & Co. was given a judgment for $165.70 against the firm, but this had not been served last night. It is understood that the deed of trust was regular in every way and that the Sheriff will formally turn over the property this morning to the trustee. The creditors above named were represented by Kellum & Loughlin.

No statement was made as to the amount of liabilities and assets. Mr. Ed. N. Penny was asked about this and said that he had no statement to make, other than that the affairs of the firm would be straightened out in a few days and the business be continued as before.

RED MEN ELECT OFFICERS.

Feature of Regular Meeting Tuesday Evening—Excursion.

At the regular meeting Tuesday night of Cherokee Tribe, No. 9, Improved Order of Red Men, officers for the ensuing term were elected as follows: Sachem, J. N. Burriss; Senior Sagamore, Roland Potter; Junior Sagamore, O. J. Mintz; Prophet, W. P. Smith; Keeper of Records, W. H. Lane; Keeper of Wampum, J. C. Walton; Collector of Wampum, A. T. Parker; Guard of Forest, W. D. Johnson; Guard of Wigwam, Rob Jones; First Sannap, R. F. Hobbs; Second Sannap, P. M. Greer; First Warrior, Sam Rowan; Second Warrior, J. E. Mintz; Third Warrior, William Sneeden; Fourth Warrior, M. Marshburn; First Brave, A. Sellars; Third Brave, W. J. Jordan; Fourth Brave, H. C. Mason. The tribe decided to run an excursion to Carolina Beach July 20th on the steamer Wilmington. Arrangements are being made for a most delightful outing.

The Recorder's Court Yesterday.

In the Recorder's Court yesterday morning Walter Hanson, Willie Field, Anthony Gurley and Ephraim Watters, colored, were tried on the charge of gambling at Wrightsville Beach, the cases being sent up from Justice Harriss' court. The defendants were let off upon payment of the costs. M. G. Silvia, a white man, arrested several days ago, was tried on the charge of nuisance, preferred by his neighbors. Judgment was suspended upon condition that Silvia remain on his good behavior and that he pay up several back fines. Cases against several hack drivers for failure to secure licenses, were continued until today.

Children's Souvenir Dance

At Lumina tonight, 8:15 to 9:15. Regular dance follows. **

THIN FOLKS MADE FAT.

Good, healthy flesh can only be gained by the use of the proper food, together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food and health restorer.

Samose does not contain a particle of starch or pepsin, nor is it any nauseating preparation, such as is usually recommended to make people fat, and which does not build up good healthy tisues. Samose has valuable flesh-forming properties, tones up and strengthens the whole system; helps the food that is eaten to be assimilated in a natural manner, and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samose, J. Hicks Bunting will return your money without any quibbling.

CAPT. OWEN FENNELL PASSES

Death of One of Wilmington's Most Venerable and Beloved Citizens. Clerk to County Auditing Board—Great Shock.

Although momentarily expected the past twenty-four hours by those gathered and waiting anxiously at his bedside, the announcement of the death of Capt. Owen Fennell, which occurred at 8:15 o'clock last night at the Summer home of his son, Mr. H. L. Fennell, on Wrightsville Sound, will come with profound sorrow to a host of friends in Wilmington and elsewhere throughout the State, where he was known.

Capt. Fennell had been suffering with heart trouble since last Fall but his condition did not become serious or alarming until last Saturday when he was confined to his room. In spite of the most constant care and attention, the tenderest nursing and the best of medical service, he gradually grew worse and his death had been expected at any time since Tuesday afternoon. In the death of Capt. Fennell Wilmington loses one of its most valuable and truest citizens and his place in the community will never be filled. The soul of honor, positive in his opinions, yet withal genial and kindly, he made friends of everyone and many will feel in his death a sense of personal loss. Capt. Fennell had occupied various public positions and at the time of his death was clerk to the County Board of Audit, one of the most responsible positions in the local government, a position that he filled with singular fidelity and efficiency.

Capt. Fennell was the son of Owen Fennell, for whom he was named, and who was for 14 years sheriff of New Hanover county when it embraced a large section of Eastern Carolina, including Sampson county. He was born January 5th, 1832, in what is now Sampson county, and was, therefore, in the 79th year of his age. He removed with the family to Wilmington while his father was sheriff before the war between the States, later returned to Sampson county and then returned to live in Wilmington again in 1865. He married Miss Charlotte Beaman, of Sampson county, and they lived happily together until death removed the wife 23 years ago, since which time Capt. Fennell had made his home with his only son, Mr. Hardy L. Fennell, of this city. During the war Capt. Fennell enlisted and served throughout the war with conspicuous gallantry and rare devotion to the cause of the Confederacy, having been promoted in the service to a captaincy in the Third North Carolina Regiment. Soon after the war upon his removal to Wilmington, Capt. Fennell for a number of years was bookkeeper for the late Sol. Bear, and the late John C. Heyer, merchant princes here, during that period, later engaging in the commission business for himself. He was an accountant of ability and his services as such have always been recognized as of the highest standard. He was city clerk and treasurer of Wilmington for the term beginning in 1896 and for four years ensuing 1898, he was chief deputy for the office during Capt. Walter G. MacRae's incumbency as sheriff of the county. Since that time he had been clerk of the Board of Audit of the county.

Of the immediate family of Capt. Fennell there are surviving an only son, Mr. H. L. Fennell; an only sister, Mrs. Margaret McClammy, widow of the late Maj. Chas. W. McClammy, who represented this district for many years in Congress and father of Wilington's esteemed townsman, Herbert McClammy, Esq.; one brother, Mr. J. Gaston Fennell, of Waco, Texas; two half-brothers, Messrs. J. N. Fennell, of this city, and Mr. C. G. Fennell, of Atlanta, and four half-sisters, Mrs. M. G. Shaw, Maysville, N. C.; Mrs. N. B. Cobb, Kerr, N. C.; Mrs. Helen Jennings, Knoxville, Tenn., and Mrs. Frank Arthur, of Cardiff, Md. There are also surviving a large number of nephews and nieces. The bereaved ones have the tenderest sympathy of a host of friends in the sorrow which has come to them.

Capt. Fennell was a member of the Royal Arcanum and a director of the Oakdale Cemetery Company, besides having held membership in other organizations. His judgment was sound upon all matters and his counsel was frequently sought. Although reserved in his manner, he did not hesitate to take a stand upon any question, but he was never obtrusive with his views. He was a man of men, as all knew him well, and his passing is deplored by each and everyone who enjoyed his friendship.

The funeral will take place tomorrow morning at an hour to be definitely announced later.

ASSOCIATED CHARITIES

Report Showing Receipts and Disbursements for Month of June.

JUDICIAL CONVENTION HERE.

Meets at Court House Monday—Delegates From New Hanover.

By authority vested in him at the county convention last Saturday, Chairman Marsden Bellamy yesterday announced the list of delegates from New Hanover county to the judicial convention to be held in this city tomorrow for the nomination of a Solicitor to succeed Solicitor Rodolph Duffy, of Onslow, who retired from the race for a re-nomination to make the race for Congress. The candidates are H. D. Williams, Esq., of Duplin; H. E. Shaw, Esq., of Lenoir, and H. A. Grady, Esq., of Sampson. While a larger number of Grady delegates have been appointed, it has been generally understood that Williams was leading in the race in New Hanover and the exact strength may not be determined until the convention meets.

The result of the Congressional convention in Goldsboro is thought by some to have been injurious to Williams' interests as both he and Dr. Faison are from the county of Duplin, but on the other hand it is stated that the turn of affairs at Goldsboro will be rather in favor of the Duplin man, especially in Onslow county, where, it is stated, Sampson failed to deliver what Duffy had a reasonable right to expect.

The delegates named from New Hanover to the Judicial convention are as follows: George H. Howell, C. D. Weeks, A. H. Pait, A. S. Williams, T. D. Meares, Jr., R. G. Grady, K. C. Sidbury, C. F. MacRae, W. P. M. Turner, Marsden Bellamy, G. W. Westbrook, J. W. Little, W. E. Yopp, L. Clayton Grant, T. W. Davis, Robert Ruark, John W. Gafford, W. M. Bellamy, Geo. L. Peschau, W. L. West, Geo. W. Chesnut, H. F. Wilder, Jas. H. Cowan, John Barry, W. J. Bellamy, Martin Newman, W. Van Hardin, Geo. Harriss, J. J. Furlong, Graham Kenan, H. O. Wallace, R. A. Parsley, W. E. Springer, B. C. Moore, R. C. DeRosset, M. L. Starkey, C. S. Southerland, J. B. Cooper, A. L. Council, J. E. Thompson, Austin McCormick, T. W. Wood.

FIRED UPON BURGLAR.

Residence Near Ninth and Wooster Street All But Entered.

Yesterday morning between 2 and 3 o'clock at the home of Lizzie Matthews, a white woman, a negro was discovered in the act of crawling through a window with the evident purpose of burglary. The woman of the house plainly saw the negro half way over the window sill as he was climbing in and seizing her pistol, she fired at him five times, but without effect. The negro ran. The mounted officers in the suburbs were notified and made an investigation, but could gather no clue. The bullet holes from the pistol were found in the window frame and imbedded in a house adjoining, therefore, it is not thought likely that any of the bullets took effect.

REPORT OF THE CONDITION OF

* * *

Mr. Andrew J. Howell, who attended the world's convention of the Laymen's Missionary Movement in Edinburgh, Scotland, is expected to return home this morning, having arrived in New York City yesterday morning.

* * *

Whiteville, N. C., July 6.—Mrs. L. V. Grady in a very attractive manner entertained the young people of Whiteville at her handsome home in this city on Tuesday evening. The affair was given in honor of the members of the Epworth League, but with Mrs. Grady's characteristic hospitality she had invited others to add to the pleasure of the occasion. A musical programme was rendered and dainty refreshments served. She was assisted in entertaining by her mother, Mrs. N. M. Culbreth, and Miss Rebecca Culbreth, of Raleigh, who are her guests for the Summer, and the evening proved one of pleasure to all.——Miss Gladys Thompson, the lovely young daughter of Mr. and Mrs. J. G. Thompson, was a charming hostess to a few friends last Thursday evening when she entertained very informally. The Thompson home has only recently been completed and is an ideal one for entertaining.

BEAUTIFUL WEDDING AT ROCKFORD, ILL., JUNE 30TH.

Many friends in this section will be interested in the following account of the marriage of Mr. Benjamin Spencer Meeks, formerly of this city, but now of Bennettsville, S. C., and Miss Marcia Van Duzer, of Rockford, Ill., the story appearing in the Rockford Register of June 30th:

"The last nuptial event of this month of weddings was celebrated at noon today when Miss Marcia Van Duzer, daughter of Mr. and Mrs. J. J. Van Duzer, of 2104 Harlem boulevard, and Benjamin Spencer Meeks, of Bennettsville, S. C., plighted their troth at the family residence in the presence of a large company of relatives. The double ring service was employed in the ceremony, which was performed by the Rev. P. M. Snyder, pastor of the Second Congregational Church, of which the bride is a member.

"Sweet peas and roses formed a fragrant and beautiful setting for the ceremony, the bridal couple unattended taking their places before a bank of palms and ferns, shaded candelabra placed at either end of the bower of green, shedding a soft light throughout the room, from which the sun light was shut out by the drawn shades.

"The bride wore a charming gown of embroidered marquisette over white silk and carried a bouquet of Bride's roses and lillies of the valley.

"The embellishment of the bride's table from which a buffet breakfast was served were unusually effective, marguerites in profusion being artistically arranged. A large bowl of the daisies occupied the center of the table and on each corner stood a crystal basket of daisies tied with a bow of tulle, green shaded candles in crystal sticks heightening the effect of the pretty conceit. Plumosus fern hid the chandelier over the table. Masses of marquerites banked the mantel and sideboard in the dining room, where the table was spread. Nasturtiums were effectively employed in the decorations of the living room.

"The bride of this pretty June wedding is a graduate of Rockford College and after receiving her diploma took post-graduate courses both at her alma mater and at the University of Illinois. For several years she has been principal of the Rochelle High School which position she resigned at the close of the school year just passed.

"The groom is traveling freight agent for the Atlantic Coast Line railroad, with headquarters at Bennettsville, S. C., where the couple will be at home to their friends after August 1st.

"Mr. and Mrs. Meeks left this afternoon for a lake trip, taking the boat for Buffalo at Detroit.

"Among the out of town guests were the groom's sister, Miss Mary Meeks, Fayetteville, N. C.; the bride's brother, E. C. Van Duzer, of Chicago; Mrs. H. P. Coy, Lamoille, Ill.; Mrs. Augusta Coy and Mr. and Mrs. T. R. Widell, Hinsdale, Ill.; Mrs. Manchester and daughter, Ruth, Millington, Ill.; Mrs. Judson Parker and son, Yorkville, Ill."

PERSONAL PARAGRAPHS.

—Mr. David Currie, of Fayetteville, was in the city yesterday on a business trip.

—Hon. E. M. Koonce, of Onslow, was in the city last evening, returning from the Third District Congressional Convention at Goldsboro.

—Mr. W. H. Burkheimer, of Greensboro, who formerly lived in this city, is spending a few days at the beach visiting old friends.

—Maj. A. J. McKinnon, one of Robeson's first citizens and who numbers his friends in New Hanover by the score, spent yesterday in the city on a brief business trip.

—By deed filed for record yesterday Chas. H. Keen, commissioner, transfers to J. D. Dennis, for $1,500, lot on west side of Seventh, 66 feet south of Harnett street, 66x75 feet in size.

—At the Bijou today will be shown "One of the Finest," and "A Knot in the Plot," the last named being a Biograph subject. The first portrays the dramatic phase of life in a great metropolis, while the second is a pretty love story.

—Mr. Leon M. Green, manager of the Columbia, S. C., Bureau of the Charleston, S. C., News and Courier, is at Wrightsville Beach attending the sessions of the South Carolina Cotton Seed Crushers' Association, which he is reporting for his paper.

—The ladies of Wilmington who have expressed a wish to have Judge Bornemann organize for them a Glee Club are requested to meet their prospective musical director on the excursion to be given by the Philathea Class of Trinity M. E. church to Carolina Beach tonight.

—Ex-Mayor J. Lee Platt, of Mullins, S. C., editor of the Enterprise of that city, is attending the meeting of the South Carolina Cotton Seed Crushers' Association at Wrightsville Beach. He is one of the most enterprising citizens of Mullins and has been very active in making it a large tobacco market.

LOCAL DOTS.

—The yacht Gregory, Capt. Gregory, which has been in port here for several days, cleared yesterday for Savannah and other Southern ports.

—A souvenir dance will be given to the little children at Lumina tonight. The dance will be for children of 12 and under and will last until 9:15 P. M., followed by the regular dancing.

DOWN THE RIVER TONIGHT.

Excursion to Carolina Beach on the Steamer Wilmington.

The indications are that the excursion to Carolina Beach tonight on the steamer Wilmington, under the auspices of the Philathea Class of Trinity Methodist Church, will be one of the most popular and largely attended of the season. The boat will leave her wharf at 8 P. M. and returning leave the beach at 10:45 o'clock. Anyone holding Trinity tickets to the beach can go down on the afternoon boat and remain at the beach until the last boat in the evening. The programme rendered at the Children's Day exercises a short time ago by the Junior Epworth League, will be repeated tonight. It is as follows:

Greeting Song by Junior Epworth League.

Recitation, "Kentucky Watermelon"—Miss Charlotte Keen.

Duet, "Dear to the Heart of the Shepherd"—Masters Herbert Williams and George King.

Recitation, "First Party."—Miss Omah Williams.

Recitation, "The Drummer Boy"—Master Herbert Williams.

Piano solo by Miss Willie Thigpen.

Recitation, "Papa's Letter"—Miss Omah Williams.

Recitation, "Saved by Him"—Miss Vivian Williams.

Closing Selection by a male quartette composed of Messrs. J. A. Croom, R. M. Schulken, L. J. Meredith and R. Ruark.

"THE BRUTAL INSTINCT."

Star's Editorial on Reno Fight Warmly Commended—Pictures.

The Star feels much gratified upon the receipt of letters yesterday from possibly two of the most prominent business men of Wilmington, strongly endorsing its editorial of the same morning on the prize fight at Reno and the contemplated exhibition of moving pictures of the mill. Inasmuch as one of tae letters makes reference to the possibility of the exhibition of the pictures in Wilmington, the following from one of them is quoted with commendation and with the hope that the proper authorities will act and act speedily upon a matter of which the public has had quite enough already:

"We write this note to express our high appreciation of the tone of the article, and we sincerely hope that our Board of Aldermen will take the same stand that has been taken in some other cities, and prevent the exhibition of the moving pictures of the Jeffries-Johnson fight.

"We will go still further and say that, inasmuch as these moving picture shows are patronized perhaps more by children than any one else, that nothing suggestive of the 'brutal instinct' in man should be presented for the amusement of the public and especially of children."

MR. GARRELL ON WAY HOME.

Coming Through the Canals From Rochester With New Yacht.

Mr. John Garrell and party have started on the trip from Rochester, N. Y., in his new yacht by the inland route, which includes Lake Erie, the Hudson river and several long canals. Friends here have received word from him to the effect that the party is on the way and it is probable that it will require about a month and a half to make the trip.

The party intended leaving Rochester, where the new yacht was purchased, when the canals opened in May, but the placing of a new engine and other repairs to the boat necessitated the delay. It will be one of the handsomest yachts ever brought to this port. Mr. Garrell bought the yacht at Rochester and later carried it to Buffalo, where the repairs were made.

To Make Dainty Desserts

You get that rich delicious flavor by using the perfect, Blue Ribbon Vanilla or Lemon Extract.

CARRIERS' GOOD MEETING.

Association of City Men Met In Charlotte—Wilmington's Delegation.

Mr. W. G. A. Otersen, representative of Wilmington branch No. 464 to the annual meeting of North Carolina Association of City Letter Carriers, which was held in Charlotte on July 4th, has returned home and highly praises the hospitality of the "Queen City," and the success of the meeting.

It was the best attended meeting in the history of the organization and a distinct feature was the address of Mr. L. C. Quinn, of Philadelphia, who is a member of the National Association of Carriers. His remarks were pertaining to the service with special reference to the retirement of aged carriers and the yearly 30 days leave of absence, which are vital subjects before the organization at present.

The programme was completed in one day concluding with an elaborate banquet which was served at the Buford Hotel. Mr. Otersen was a member of the resolutions committee which made a report to the meeting.

SET FIRE TO HOUSE.

But Blaze Was Discovered in Time to Prevent Any Damage.

For the second time within a week, some one attempted to burn the house occupied by William Baker, in Wooster's alley, about 9:45 o'clock last night, but, as in the first instance, the blaze was discovered in time to prevent any serious damage. According to the information given Sergeant Wood some one living in the vicinity saw a light flash up and a man run off at a rapid rate, following which an investigation was made and it was found that a tumbler of kerosene oil had been poured on the side of the house and a match applied to it. The blaze was extinguished with little difficulty. An attempt to burn the house was made Saturday night very much in the same manner. It is stated that there is no clue to the identity of the man who would destroy the building, but officers are working on the case.

Informal Conference Last Night.

An informal conference was held in the rooms of the Chamber of Commerce last night between Mr. George H. Terry, of the Terry Engine Company, Brooklyn, N. Y., and members of the Commercial Club, relative to the establishment of a plant here for the manufacture and repair of marine engines, Mr. Terry subitting a proposition to remove his plant to this city. The matter was discussed for two hours at the conclusion of which it was decided to call a meeting in a few days of the Chamber of Commerce at which the proposition will be presented to the business men of the community in concrete form.

STABBED SOLDIER FATALLY.

Eight Negroes Placed in Jail Charged With the Crime.

Alexandria, Va., July 6.—Charged with stabbing, probably fatally, Frank S. Scott, a private in the third United States field artillery, Robert Jackson and seven other negroes were arrested tonight and placed in jail. The stabbing took place in a crowded suburban car between Washington and this city on the night of the Jeffries-Johnson fight, and in the ensuing riot several other white passengers were more or less seriously injured. Scott was slashed across the abdomen and it was announced at Fort Meyer tonight that his chances for recovery were small. Should he succumb to his wound the charge of assault with intent to kill now lodged against Jackson, will be changed to one of murder.

NEWS AT LUMBERTON.

Court in Session—Groom on, Happy Mission—Oil Mill Changes.

(Special Star Correspondence.)

Lumberton, N. C., July 6.—A two weeks' term of Superior Court for the trial of criminal cases convened yesterday morning with Judge O. H. Allen presiding and Solicitor Sinclair representing the State. The docket is a large one and two weeks will likely be consumed in trying to clear it up. It is not thought at present, however, that either of the murder cases will be tried at this term, which of course, means that they will go over to the one week term of court which will be held in September.

Col. S. A. Edmund, chairman of the Republican County Executive Committee, has called a county convention to be held in Lumberton on Thursday, July 28th, for the purpose of appointing delegates to State and district conventions. The township meetings will be held on Saturday, July 23rd. In his call Col. Edmund requests Republicans and independents to be present.

Mr. Odell Edens, of the firm of Edens & Lennon, will leave on the 7:15 train tomorrow morning for Charlotte, where tomorrow afternoon at 4 o'clock he will wed Miss Myrtle Ferguson. Mr. Edens is one of the best known and most popular young men in Lumberton. Miss Ferguson has held a position as saleslady in the company store of the Lumberton Cotton Mills for over a year, where by her uniform courtesy she has made many friends. After spending a few days in Asheville and other points of interest they will return to Lumberton and will be at home to their friends in the cottage on Fifth street, recently vacated by Mr. and Mrs. Dennis Biggs. A large number of friends wish for the happy young couple the best of life's blessings.

At a meeting of the directors of the Lumberton Cotton Oil & Ginning Co., held today, the resignation of Mr. R. E. L. Correll, as superintendent, which was tendered several days ago, was accepted. Mr. Correll has been acting as manager and superintendent since the mill began operations six years ago. At the meeting today Mr. K. M. Biggs was elected president and manager, and Mr. Crawford, of Concord, was elected superintendent. Mr. J. S. McNeill was re-elected secretary and treasurer. Mr. F. L. Bowen, who has been the efficient foreman for the past four years also tendered his resignation, which was accepted. Mr. Correll has not yet decided on his plans for the future, but we feel sure of expressing the sentiment of the community at large when we express the hope that his change in business will not mean the removal of his excellent family from Lumberton. During his six years residence in Lumberton Mr. Correll has made many friends who sincerely regret that he has decided to make the change. He has several very fine offers but as stated, has not yet decided on the future. Not having seen Mr. Bowen, we have not learned his plans, but it is hoped he will remain in Lumberton.

SPECIAL TERM IN ANSON.

Court for Trial of Civil Causes Authorized by the Governor.

(Special Star Telegram.)

Wadesboro, N. C., July 6.—Governor Kitchin has ordered a special term of the Superior Court for the trial of civil causes in Anson county to be held at Wadesboro on Monday, August 8th, and continue two weeks, Judge Crawford Biggs will preside. The crowded condition of Anson county civil docket makes this special term necessary to Wadesboro.

Danderine

GROWS HAIR and we can PROVE IT!

A lady from Minnesota writes: "As a result of using Danderine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, **the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.**

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions.)

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Danderine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities.

One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—**try it and see for yourself.**

NOW at all druggists in three sizes, 25c, 50c and $1.00 per bottle.

Cut This Out — **FREE** To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c in silver or stamps to pay postage.

Buffalo Lithia Springs Hotel Opens JUNE 15th.

S. S. S. UNEQUALED FOR BAD BLOOD

Normal, healthy blood contains millions of tiny red corpuscles, which are the vitalizing and nourishing element of the circulation. These corpuscles are constantly forming in healthy systems by the extraction of nutriment from food eaten, and this nourishment is then supplied through the circulation to every portion of the system. Any system which does not receive the proper amount of blood nourishment is not prepared to withstand the countless disorders that assail it. Bad blood can not nourish the body, the circulation must be pure, rich and strong if we would enjoy good health. Bad blood manifests itself in various ways. With some it takes the form of skin diseases and eruptions, others become bilious and malarious, with sallow complexions, torpid liver, etc. If the germs and impurities in the blood are of a more virulent nature then bad blood becomes more serious and produces Rheumatism, Catarrh, Sores and Ulcers, and like troubles. Nothing equals S. S. S. for bad blood. It is Nature's own blood purifier, made from roots, herbs and barks. It goes into the circulation and removes every impurity or poison, strengthens and enriches the blood, and in this way supplies the body with the proper amount of nourishment to maintain good health. S. S. S. is likewise the finest of all tonics and while purifying the blood builds up every portion of the system. S. S. S. cures every ailment coming from bad blood, and it does so simply because it purifies the circulation. Book on the blood sent free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA

PREMIUM SCUPPERNONG

"THE DISTINCTIVELY SUPERIOR WINE"

¶ To the person who appreciates the flavor and bouquet in wine, this special brand appeals—its discovery by those to whom, for the first time it is offered, is a grateful revelation.

¶ The grape from which it is made is peculiarly a local product and imitators both in this country and abroad have utterly failed to produce its equal.

¶ Every sip suggests the richly mellow flavor of the freshly picked grape—its fragrance is charming. Its delicacy is its crowning appeal.

¶ *An initial order will prove convincing.* We will prepay the express charges anywhere East of the Mississippi—on a case containing 12 bottles (5s) for $7.00. Order direct from the makers, and save four profits.

¶ Remit by P. O. or Express Money Order or Draft. Booklet containing Price List and many helpful hints on selecting and serving wine, sent on request.

¶ All of our products guaranteed under National Pure Food Laws.

SOL. BEAR & COMPANY,
WILMINGTON, N. C.

FINANCIAL and COMMERCIAL

COTTON MARKET WAS LOWER

Affected by New York Sales and Closed at Loss of From 10 to 17 Points —Absence of Bull Support— Conditions.

New York, July 6.—The cotton market was lower today under realizing and local selling, with last prices showing a net loss of from 10 to 17 points. The opening was steady at a decline of one point on July, but generally 1 to 5 points higher in sympathy with steady cables, large English spot sales, and a continuation of recent weather conditions over the belt.

It appeared, however, that the market was attracting very little fresh buying for long account, and shortly after the call, prices weakened under scattering liquidation and local selling encouraged by the absence of aggressive bull support, weakness in the stock market, continued unfavorable trade reports, and an idea that after three or four weeks of this kind of weather, a change in the weather news was to be anticipated. The official forecast indicating continued showers in the Eastern belt and more dry weather in Texas checked selling for short account, however, it looked as if there were some pretty good buying of the new crop months on a scale down, partly for mill account, and after showing a net loss of about 5 to 8 points, the market rallied during the middle of the day on covering. The bullish weekly weather report helped the tone of the market during the early afternoon and prices steadied up to nearly the closing figures of last night on the new crop positions, but later there was a renewal of liquidation and bear pressure and the lowest prices of the day were reached in the late trading. It was reported that ocean freight room was engaged late yesterday for the shipment of 5,000 bales from the local stock to Liverpool and for 10,000 to Bremen. On the other hand rumors were circulating that 3,000 bales of cotton were on the way here for contract delivery from Liverpool. Southern spot markets officially reported early were generally unchanged.

Receipts of cotton at the ports today 5,142 bales against 2,363 last week, and 4,520 last year. For the week 20,000 bales against 23,311 last week and 18,897 last year. Today 's receipts at New Orleans 789 bales against 818 last year.

Cotton spot closed quiet 10 points lower. Middling uplands 15.35; middling gulf 15.60. Sales 1,700 bales. Cotton futures opened steady and closed barely steady.

LIVERPOOL WAS ACTIVE.

Increased Spot Demand Yesterday— The Trend Was Downward.

(Special Star Telegram.)

New York, July 6.—Advices from Liverpool today were of increased spot demand, but Manchester was dull. Here bull support was lacking, the trading was local, light and with little outside interest. Some crop reports were poor, but the market bore the appearance of having been bulled as much as it would stand for the present and the trend was downward with narrow fluctuations. The weekly bureau report was bullish in some respects, but it induced no buying.

HUBBARD BROS. & CO.

THE FINANCIAL MARKET.

New York, July 6.—Money on call steady 2 1-4 to 2 7-8; ruling rate 2 3-4; closing bid 2 3-4; offered at 2 3-4 per cent. Time loans firm; 60 days 3 1-4 to 3 1-2 per cent., and 90 days 3 1-2 to 3 3-4; six months 4 3-4 to 5 per cent. Prime mercantile paper 4 3-4 to 5 per cent; sterling exchange steady at recovery with actual business in bankers' bills at 4.8360 to 4.8380 for 60 day bills and at 4.8560 for demand. Commercial bills 4.83 to 4.83 1-2. Bar silver 53 7-8. Mexican dollar 44.

Work 24 Hours A Day.

IRISH POTATOES—New crop 40 to 50c per bushel, dull.

THE GRAIN MARKET.

Chicago, July 6.—In a stampede at the close today short sellers excited by an unfounded rumor that sales of wheat for export had been made at Winnipeg bid up prices here 1-2 to 2 1-4c, above last night's figures. Other grain made a straggling finish, corn at 1-4c advance to 3-8 to 1-2c decline, oats a shade off to 1-4c grain. Last sales of hog products showed losses of 7 1-2 to 27 1-2c.

Chicago, July 6.—Cash close: Wheat No. 2 red 1.02 to 1.03 1-2; No. 2 red 1.00 to 1.02; No. 3 hard 1.01 1-4 to 1.02 1-2; No. 3 hard 99 to 1.01; No. 1 northern 1.15 to 1.17; No. 2 northern 1.10 to 1.12; No. 3 spring 1.00 to 1.10; durum 80 to 87.

DRY GOODS MARKET.

New York, July 6.—Trading is generally conservative in consequence of the disturbed state of the security markets. In the silk trade there is more firmness shown in the matter of prices on goods to be made. The hosiery and underwear markets show considerable activity with the arrival of buyers with orders for Spring. The call for print is insignificant and in the cotton goods houses mails are very light.

STOCK DECLINES EXPLAINED

Banking Authorities Depended on to Give Reasons—Factors on the Stock Market Yesterday. Crop Prospects.

New York, July 6.—There was a disposition today in the financial district to turn to the banking and financial position for explanation of the action of the stock market to the partial eclipse of other causes lately preferred, much as the railroad policy of the government, delayed interpretation of the Sherman law and crop prospects.

The increased prominence given to the subject of the banking situation grew out of the published expressions of some of the distinguished banking authorities of the interior regarding the farm land speculation and the consequences to be apprehended from it. There is complaint that the smaller banks are still burdened with mortgages and with farmers' paper instead of the usual investments in commercial paper, which serve as a secondary reserve, while their balances in the reserve banks are below normal. Such a position indicates that the crop moving requirements will have to be met to a larger extent than usual by calling on the large banking centers for accommodation. The intimation that the reports now being sent to the controller but not yet in shape for tabulation will not show the expected improvement in the credit position had a disturbing effect on sentiment and was a large factor in the early crash of prices today. Some few stocks then fell to below last week's low levels, thus establishing them at the lowest for the year.

The importance attached to the prospective money condition left speculation sentiment ready to be easily influenced by the reports that gold had been engaged in London for shipment to New York. The violent recovery in stocks was the result. The decline in wheat and corn helped stocks, the strong rally in wheat on unfavorable weather predictions in the Spring wheat region helping to unsettle the rally at the last. The early severe declines were more than recovered, however, and general net gains were retained at their closing.

Bonds were irregular. Total sales par value $2,071,000. United States bonds were unchanged on call. Total sales for the day 919,500 shares, including Amalgamated Copper 47,800; Sugar 2,300; A. C. L., 4,200; C. & O., 10,200; L. & N., 3,100; N. & W. 400; Reading 184,000; Sloss Sheffield 100; Southern Pacific 41,400; Southern Railway 3,100; Southern preferred 800; U. P., 127,500; U. S. Steel 230,600; V. C. C. 3,000.

AFFAIRS AT RALEIGH.

One Charter Issued—Reidsville Hearing—Guard Encampment.

(Special Star Correspondence.)

Raleigh, N. C., July 7.—The Smoky Mountain Cattle Company, of Bryson City, was chartered today with $200,000 capital for raising cattle, horses, sheep, hogs and poultry. The incorporators are J. W. Hawkins and E. T. Hart, of Charlotte, and Ray R. Flint, of Reno, Nev.

Claiming that the North Carolina Supreme Court has in a previous litigation finally disposed of the matter adversely to the contentions of the Penn Tobacco Co., and that the North Carolina Corporation Commission has no right now to reopen the case in a separate proceeding, the Southern Railway and property owners interested in Reidsville pressed their exceptions today to an order of the Commission for the Southern to proceed with the condemnation of property and the construction of a sidetrack to the tobacco factory of the Penn Company. On the other hand the Penn Company contends that the Supreme Court ruling had to do only with the right of the Penn Company and the town of Reidsville to enter into an agreement for construction of the sidetrack through the streets. Now they claim that the business of the Penn Company being sufficient to require it the Commission has the right to order the construction of the siding as a public necessity and a part of the Southern system.

The movement of companies constituting the Third Regiment of the North Carolina National Guard for the annual regimental encampment at Camp Glenn, Morehead, began tonight and the camp will be in full swing tomorrow to continue for ten days. J. N. Craig, of Reidsville, is colonel commanding and Adjutant General J. F. Armfield, Assistant Adjutant General R. L. Leinster and Capt. Stokes, of the United States Army, will be in camp as instructors and inspectors. The companies composing the regiment are Raleigh, Lexington, Henderson, Louisburg, Oxford, Franklinton, Reidsville, Warrenton, Burlington, Weldon (excused), Thomasville, Durham, Hospital corps, Reidsville, and the band, Raleigh.

BLADEN COUNTY NEWS.

Death of Mrs. Brisson—Crop Prospect Poor—Farmers' Union Rally.

(Special Star Correspondence.)

Elizabethtown, N. C., July 5.—Mrs. Mattie Brisson, wife of Mat Brisson, who lives near Dublin, died last Tuesday of Bright's disease. She had been ill only a few days. Her death has cast a shadow over the entire community. She was buried at Singletary Methodist Church near Dublin, of which she was a member. She was about 40 years of age and leaves a husband and seven children. She was a devoted Christian worker and her death leaves a vacancy in the church which cannot be easily filled.

Smallpox is raging seriously around Dublin, the pest seems to thrive thus far only among the colored race. There have been some seven or eight cases within the last two weeks and new cases are breaking out daily. It seems that a darky named Leroy Purdie had a son working in Boardman to break out with the disease. He came into Bethel township where other cases have developed.

It is generally estimated that cotton and corn for this time of year in Bladen county is the poorest in many years. The writer in traveling around in parts of the county has seen but few, if any, crops of cotton which are not being eaten up by the rust. The corn is fired up on account of the excessive wet weather. In general the farmers are much discouraged.

On next Saturday, July 9th, there will be a grand picnic at Dublin under the auspices of the Farmers' Union and the Woodmen of the World. It is expected that Dublin will have one of the biggest crowds within its borders in the history of the village. There will be several speeches and refreshments will be served. Among the speakers will be Congressman H. L. Godwin, E. M. Britt, Esq., of Lumberton, and Mr. Brown, of Columbus.

The Singletary Methodist Sunday School is going to give an ice cream supper at the Dublin school house Friday, July 15th. The object of this supper is to finish raising money to pay for a new organ which they are going to place in the church.

Children's Souvenir Dance

At Lumina tonight, 8:15 to 9:15. Regular dance follows. **

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, Price, 75c. per bottle.

Take Hall's Family Pills for constipation.

FUNERAL OF JUSTICE FULLER.

Conducted From Episcopal Church at Sorrento, Maine, Yesterday.

Sorrento, Me., July 6.—In the Episcopal church of the Redeemer and only a short distance from "Main Stay," where the venerable jurist had passed so many quiet and pleasant Summers, was held, this afternoon, funeral service for the late Melville Weston Fuller, Chief Justice of the Supreme Court of the United States.

The church was thronged with relatives, men of National prominence and Summer residents of Sorrento, Bar Harbor and neighboring resorts. The body of the Chief Justice in a black casket almost covered with ferns and flowers rested in front of the altar and was surrounded by floral tributes from relatives and friends, including a beautiful piece from President Taft, who found it impossible to be present.

According to the wishes of the late Chief Justice the funeral service of the Episcopal church ritual was read by the Rev. James E. Freeman, of Minneapolis, who is in charge of the Church of the Redeemer and is a close friend of the Fuller family. A quartette from Bar Harbor sang "Lead, Kindly Light," "Nearer, My God to Thee," and "Peace, Perfect Peace," favorite hymns of Justice Fuller.

The pall bearers were Gov. Hughes, of New York, Associate Justices Oliver Wendell Holmes and Joseph McKenna, of the United States Supreme Court, United States Senator Eugene Hale, General Thomas H. Hubbard, of New York, and Nathaniel L. Francis, of Washington, a son-in-law of the justice.

With the exception of Mrs. Francis, none of the five daughters were able to be present at the service here.

Following the services the body, accompanied by the members of the family, Associate Justices Holmes and McKenna, Gov. Hughes, and the Rev. Mr. Freeman, was taken on a steamer to Mount Desert Ferry, where connection was made with the late afternoon express which reaches Boston at 5:30 o'clock tomorrow morning. From there the body will be taken to Chicago, where another service, conducted by Rev. Mr. Freeman will be held in Graceland Cemetery Chapel at 3:30 o'clock Friday afternoon.

The body will be buried beside that of Mrs. Fuller, who died here six years ago. The funeral party will be joined in Chicago by the other members of the late Chief Justice's family, and by additional members of the United States Supreme Court.

ROOSEVELT MISREPRESENTED.

Did Not Directly Say He Would Support Poindexter.

New York, July 6.—Col. Roosevelt today gave out, at the Outlook office, the following statement in reference to the visit at Sagamore Hill yesterday of Representative Poindexter, of Washington.

"Col. Roosevelt will see very many Senators and Congressmen, Assemblymen and other public officials, representing all phases of public opinion. He declines to be responsible for any statements excepting those which he himself makes. He has said nothing and intends to say nothing as to any contests for a renomination. If he has anything to say on such a subject it will be over his own signature. All that Mr. Roosevelt said in this case was that he was pleased to find that, as he had expected from Mr. Poindexter's past rcord, Mr. Poindxtr was in hearty sympathy with Mr. Roosevelt's views as to conservation and similar subjects. Mr. Roosevelt expressed no opinion about the Senatorial contest, and Mr. Roosevelt believes Mr. Poindexter is not responsible for the statement which has appeared. Certainly insofar as these statements have quoted Mr. Roosevelt except as above indicated they had no foundation whatever in fact."

Col. Roosevelt's statement was called forth by the fact that he took exception to special dispatches from Oyster Bay last night in which he was quoted directly as saying that he would support Mr. Poindexter in his contest for a seat in the United States Senate. Col. Roosevelt stipulated that he must not be directly quoted as saying that he had decided to support Mr. Poindexter, and feels that he was misrepresented in the special dispatches which quoted him as having said in so many words that he had promised his aid to the Congressman. The colonel did not deny today, either in his statement or otherwise, that he would give this support.

Chicago, July 6.—Gov. Charles S. Deneen, of Illinois, today declared that he would join the Governors of other States in a National effort to bring about the suppression of the Jeffries and Johnson fight pictures.

Children's Souvenir Dance

At Lumina tonight, 8:15 to 9:15. Regular dance follows. **

COTTON SEED OIL INTERESTS MEET

(Continued From Page One.)

try must be built up, too," said Judge Hammond. Referring to the farmer Judge Hammond said: "You have treated him fairly, more than fairly."

A new idea advanced by Judge Hammond was that the cotton seed men should be the "millers of the world," that all feeds should go through the cotton oil mills. He believes that the pure food law is the greatest thing for the industry. This, he said, would protect the honest manufacturers.

Comparing the amount of protein in foodstuffs, Judge Hammond explained that cotton seed products have 38 per cent. protein while corn meal has only 9 per cent.; potatoes two per cent.; rice seven per cent.

Judge Hammond said that Col. Watson was doing more than any other one man in South Carolina for that State.

Concluding his address Judge Hammond touched on the law of trusts. He said that some of the "biggest fool laws on the statute books are anti-trust laws. He said that this is a day of the practical man, those who are concerned with the building up of the world of industry and that the politician, the wicked politician, is trying to tear down. There is no harm, he said, if two men, or more, form a combination if there is nothing done wrongfully. He said the old common law was enough and that the statutes against trusts as they are being framed today are harmful. "This world is built by monopolies," said Judge Hammond. "Competition there is, but only competition of method. Everyone who has engaged in manufacturing has violated the anti-trust law but it is unconsciously."

Judge Hammond said that an association ought to be allowed to get together for mutual protection if it wished without the interference of statutes such as the anti-trust law, slightly on this subject.

He said that he had touched but

A letter was read from President A. D. Allen, of the Interstate Association, praising Congressman Lever's work in the interests of the removal of the tax from oleomargerine. The South Carolina association yesterday passed resolutions thanking Mr. Lever for his work in this particular.

Secretary B. F. Taylor, in submitting his report, called attention to the crop reports made for the last three years, estimates being made by the association of what the crop would be on cotton. The oil mill guess in 1909 was 1,133,555 bales while the actual crop was 1,050,230 bales. The two years previous were close guesses also. This year's reports were not had in time for the meeting, but blanks were handed out to the members yesterday and they furnished estimates from which the report will be compiled.

A business session was held following the addresses at which a number of matters of interes tto the members was considered. The remainder of the day and evening was given over to rest and recreation. The visitors are delighted with Wrightsville Beach and are enjoying themselves to the fullest extent.

EDUCATORS AT BOSTON.

Candidates for Presidency of Education Association Named.

Boston, Mass., July 6.—No less than five more or less organized booms for candidacy for the presidency of the National Education Association developed at the convention here tonight upon the appointment of the committee on nominations. The candidates who are to oppose Mrs. Ella Flagg Young, head of Chicago's school system, are Martin C. Baumbaugh, of the Philadelphia school; United States Commissioner of Education Elmer Ellsworth Brown; Z. X. Snyder, principal of the Colorado State Normal School; President Joseph Swain, of Swarthmore College; Superintendent Ben Blewett, of the St. Louis schools; and John H. Phillips, State director of Alabama public schools. Mrs. Young's followers urge her election as a recognition of the women teachers who comprise the majority of the membership. The election occurs tomorrow noon.

Denouncing the teaching of college professors as the "worst in the country," Principal William McAndrews, of the Washington Irving High School, New York City, was cheered enthusiastically at the session of the department of secondary schools today. He asserted that the colleges hampered the curriculum by uniform requirements, preventing new work.

He paid his respect to high schools declaring them "mentally stagnated, with the teachers in a rut."

ANSON COUNTY CAMPAIGN.

Legalized Primary in August—Candidates to Address People.

(Special Star Correspondence.)

Wadesboro, N. C., July 6.—The newly elected County Democratic committee has re-elected D. A. McGregor as chairman and has called a legalized county primary to be held August 4th for the purpose of nominating county officers. The campaign is on in earnest and the committee has announced the following speaking places: Lilesville, Tuesday, July 26th; Morven, Wednesday, July 27th; Cason Old Field, Thursday, July 28th; White Store, Friday, July 29th; Lanesboro, No. 2, at Peachland, Friday afternoon, July 29th, at 3:30 o'clock; Lanesboro, No. 2, at Polkton, Saturday, July 30th, Burnsville, at Ross' Store, Monday, August 1st; Ansonville, at Ansonville, August 2nd; Wadesboro, Wednesday, August 3rd.

Speaking at all appointments will commence at 10 A. M., except at Peachland, where the speaking will commence at 3:30 P. M.

THE BURGLAR'S NOTE

Always Reaped a Rich Harvest at Patterson, N. J.—An Easy Place.

Patterson, N. J., July 6.—When William T. Allen, a manufacturer opened his place this morning he found that a burglar had been there. The caller left this note:

"Dear Sir: This is the third time I have cracked safes in this town and, take it from me, this is the easiest burg I have ever struck. Believe me, if it were not for the watchman I would have taken the safe back to New York. You surely are easy here."

The thief got $75.

BONDS REPORTED MISSING.

Some $400,000 Worth Held by Carnegie Trust Co.—Denied.

New York, July 6.—Following a conference of District Attorney Whitman and former Justice Keener, counsel for the Carnegie Trust Company, it was reported today that the grand jury was investigating the alleged disappearance of $400,000 worth of bonds deposited with the company as security for a loan. While District Attorney Whitman admitted that an investigation was in progress, Moses H. Grossman, counsel for the Carnegie Company, stamped the story as untrue. Mr. Grossman said: "Over a year ago when the late Charles Coulter Dickinson was president of the company a loan of $67,000 was made to Charles W. Chapman, who gave his note, endorsed by C. M. Sexton, and as collateral pledged $300,000 of Titusville Northern Railroad Company bonds together with $50,000 in other securities.

"This loan was reduced by payments to $58,119 and later a Mr. Charles Wellborn gave his note and further bonds of the Titusville Company as security for the Chapman loan.

"We could not get the money from Mr. Chapman and sued. The bonds are here and all the collateral and when the money is paid we'll turn it over. Mr. Wellborn is doubtless sorry for going to the aid of Mr. Chapman, but that is not our affair."

District Attorney Whitman said this afternoon: "There is no evidence in the possession of this office which reflects in any way upon the financial responsibility of management of the Carnegie Trust Company, or upon any of its officers, or board of directors."

Joseph B. Reichman, president of the company, said: "There has not been a defalcation of a single dollar in this institution. All we know about the matter is that we have been told that there is a dispute between the broker who borrowed money from us as to how many bonds the client delivered to the broker originally."

Mr. Reichman appends to his statement a declaration of a State bank examiner saying that the bonds in question were counted today and found intact in the vaults of the company.

Charles C. Dickinson, president of the company when the loan was made died in St. Luke's Hospital here under baffling circumstances on May 24th. A physician, acting for a casualty concern, said that he died from heart trouble but the coroner also a physician directed the jury to return a verdict that death had come from inhaling gases that arose from chemicals used in an experiment in a Scranton laboratory.

INCREASED RAILROAD PAY.

Order of Railway Conductors Announce Basis of Agreement.

Florence, S. C., July 6.—The Times this afternoon says: "F. P. Curtiss, vice president of the Order of Railway Conductors, has announced the basis of increase of pay to be given to conductors, flagmen and traveling baggage masters of railroads in Southeastern territory involved in the wage controversy just settled under the Erdman Act. The increases will be allowed from July 1, and the other to go into effect April 1, 1911. The following is the increased new scale on the basis of 100 miles:

Conductors of passenger trains from $2.20 to $2.50, and on April 1, 1911, to be raised to $2.75.

Traveling baggage masters from $1.10 to $1.35, and later to be raised to $1.55.

Passenger flagman and brakemen from $1 to $1.32, later to be raised to $1.50.

Conductors of through freights from $3.18 to $3.55, later to be raised to $3.75.

Brakemen and flagmen on through freights from $1.75 to $2.35, later to be raised to $2.50.

Conductors on local freights from $3.80 to $4.15, later to be raised to $4.25.

Brakemen and flagmen on local freights from $2.30 to $2.63, later to be increased to $2.75.

CHICKAMAUGA MANEUVERS.

Mayor Chas. Russell Arrives on the Scene—There Were Problems.

Chattanooga, Tenn., July 6.—Major Charles Russell, in command of the signal school of the staff college of Fort Leavenworth, Kans., arrived at the maneuver camp at Chickamauga this morning. Major Russell will have charge of the signal work during the maneuvers. The signal corps has charge of the aeroplane experiments of the army. Rain continues to interfere with maneuver work.

Tomorrow the first war problems will be taken up. The brown and blue armies will be pitted against each other. Guard work will be the most important feature of the first day.

Florida, Mississippi, and Tennessee troops will break camp Saturday night. North and South Carolina, Tennessee, Alabama and Georgia militia, will follow in camp.

JOHNSON DOES TALKING

Says Langford Hasn't Got a Chance. Going Abroad.

Grand Island, Neb., July 6.—"Just say for me that Langford hasn't got a chance," said Johnson to a reporter for the Associated Press. "I'm not going to fight again for one year. I have put up five fights in rapid succession. I believe I am entitled to take some time before going into the ring again.

"I am going to Europe and fill some of the numerous contracts I am receiving, and I have here now," pointing to a bunch of letters lying on a table.

When informed about the action of the authorities at Washington and other places, in declaring that they would prevent the exhibition of the prize fight pictures the champion replied:

"Well, I'm not surpised at it and especially not at Washington."

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.

THE SOUTHERN NATIONAL BANK

FRESH CHICAGO SENSATION

Alleged Attempt to Corrupt Juror In Bribery Case.

Chicago, July 6.—A fresh sensation in connection with the legislative bribery scandal arose today when State's Attorney Wayman stated that an indictment had been granted charging John M. Maloy, a grocer, with attempting to corrupt Oscar T. Morford, a juror in the recent trial of Lee O'Neil Browne.

Morford, his wife and his father, Thorough Morford, testified before the the grand jury. Mrs. Morford testified that shortly after the Browne jury had been sworn she went to Maloy's grocery, which is in the neighborhood which the Morfords live. Maloy she said, gave her two cigars, which he asked her to give to her husband, who had been accepted on the jury. According to State's Attorney Wayman, Mrs. Morford testified that Mayor asked her to use her influence to persuade her husband to vote for the acquittal of Browne holding out as a reward for so voting that Morford "would not have to work for a railroad any more," as he "would get a lump of money."

Morford is a switchman and his father a railroad gateman. He voted consistently for the conviction of the defendant.

Thorough Morford is said to have testified that the grocer made a similar proposition to him, urging him to influence the juror to hold out for Browne. The offer was not communicated to the juror and he heard of it first after the jury had been discharged.

Maloy, when seen by reporters indignantly denied that he had sought to influence Morford.

"Morford has been on my books for years," said the grocer. 'He's on them now. I got him a job when he was down and out and this is what I get for it. It is all a lie."

THINK WATTERSON INSANE

Col. Watterson Would Approve Lunacy Commission For Ewing.

Kingston, N. Y., July 6.—When Colonel Henry Watterson, of Louisville, Ky., arrived here this afternoon he did not go near his son, Ewing, who is in jail charged with shooting Michael J. Martin, a Saugerties saloon-keeper, but conferred with Wm. D. Brinnier, his counsel. He was in communication over the telephone with District Attorney Cunnningham at Ellenville, who later said that his attitude would be in accordance with that of the colonel, if the present situation remains unchanged. This statement, in conjunction with the fact that no application has been made for the releasing Ewing Watterson on bail, is taken to indicate that Colonel Watterson believes his son insane and that he will approve of an application by the district attorney for a commission in lunacy to examine into his son's sanity.

Colonel Watterson left his attorneys office much depressed and took a train for New York. He would make no statement. The examination of his son will take place tomorrow.

What you may have been calling the "good fortune in business affairs" of someone you know may be simply the courage to advertise

STAR BUSINESS LOCALS
